- (ii) Part B dealing with the amalgamation of Sasken Network Engineering Limited with Sasken Communication Technologies Limited; and
- (iii) Part C dealing with general terms and conditions that will be applicable to Part B.

#### PART A

#### **INTRODUCTION:**

Sasken Network Engineering Limited ("SNEL"), a company incorporated under the Companies Act, 1956 in the State of Karnataka under Registration No.U64202KA2004PLC034773 dated September 29, 2004, is *inter-alia* engaged in the business of Installation, Commissioning, Re-deployment, Managed Services, RF Planning, Drive Testing, Optimization and Benchmarking of wireless networks.

Sasken Network Engineering Limited is a wholly owned subsidiary of Sasken Communication Technologies Limited.

**Sasken Communication Technologies Limited** ("SCTL"), a company incorporated under the Companies Act, 1956, is *inter-alia* engaged in the business of developing embedded communication software for companies across the communication value chain - Semiconductor Vendors, Network Equipment Manufacturers (NEMs), Terminal Device Vendors and Operators.

SCTL is listed both on BSE Ltd. and National Stock Exchange of India Ltd.

SNEL which is a wholly owned subsidiary of SCTL, was formed to provide among other things, networking and engineering services in the field of Telecom as well as to provide maintenance training and RF engineering services for mobile operators, internet service providers, satellite services, radio paging and other telecommunication services. Further, SCTL was originally incorporated on February 13, 1989 under the name and style "Asic Technologies Private Limited" under the provisions of the Companies Act, 1956. The name of the Transferee Company was changed from "Asic Technologies Private Limited" to "Silicon Automation Systems (India) Private Limited" and consequently a fresh certificate of incorporation consequent on change of name was issued to the Transferee Company on October 13, 1992. The registered office of the SCTL was shifted from the State of Gujarat to the State of Karnataka pursuant to the Order dated February 24, 1993 passed by the Hon'ble Company Law Board, Western Region Bench, Bombay and said Order was registered by the Registrar of Companies, Karnataka and a certificate of registration of change of registered office was issued to SCTL by the Registrar of Companies, Karnataka on April 20, 1993.

Thereafter, the Transferee Company which was initially a private limited company became a deemed public limited company, under the provisions of Section 43-A (2) with effect from June 30, 1998. Subsequently, the Transferee Company changed its name from "Silicon Automation Systems (India) Private Limited" to "Silicon Automation Systems Limited" and consequently a fresh certificate of incorporation on change of name was issued to SCTL on December 30, 1998. Pursuant

to this, the Transferee Company again changed its name from "Silicon Automation Systems Limited" to "Sasken Communication Technologies Limited" and consequently a fresh certificate of incorporation on change of name was issued to SCTL on October 17, 2000 (Registration No.L72100KA1989PLC014226).

#### Rationale and purpose of the Scheme:

SCTL's core business focus has been delivering solutions for embedded communications systems. SCTL serves customers across the entire communications value chain and helps them accelerate product development life cycles. About a decade back, SCTL identified a niche area to extend its core capabilities to include areas such as Network Engineering, Network Performance and allied Technical Services. As these areas were complimentary to that of SCTL, but required focused efforts to build competencies to win and execute business, SCTL established a 100% subsidiary that was entirely focussed on this segment.

SCTL is considering engaging in broadening its market focus and address the growing need for next generation IT Services. The proliferation of technologies such as social media, mobility, analytics and cloud has necessitated major changes in the IT Infrastructure and Services of any modern day enterprise. The pervasive nature of mobility and SCTL's strengths in the area makes the next generation IT services market attractive for SCTL. The merging of SNEL with SCTL will provide the right impetus to address the Infrastructure Services Management, which is one of the fastest growing segments in the IT Industry. The amalgamation will make it possible to achieve economies in scale as the IT Services areas as customer acquisition and fulfilment functions can jointly address the market more effectively. The provision of SCTL's existing services combined with IT Services will also be more attractive to customers if they are delivered by one entity as it simplifies contracting and vendor management for the customers.

As a consequence of this amalgamation and corporate re-structuring, both the companies would have greater potential to develop and further grow and diversify with better optimization of funds and efficient utilization of resources. This would also simplify management structure leading to better administration and a reduction in costs from more focused operational efforts, rationalization, standardization and simplification of business processes.

In order to obtain the benefits of consolidated business, SNEL is sought to be amalgamated with SCTL.

The Board of Directors of the respective Companies earnestly hope that the proposed amalgamation would enure to the benefit of all the shareholders of the respective Companies including the creditors and employees of these companies.

#### Proposed Scheme of Amalgamation:

#### 2.1 Rationale for the proposed Scheme of Amalgamation:

The Scheme envisages the amalgamation of Sasken Network Engineering Limited (Transferor Company) with Sasken Communication Technologies Limited (Transferee Company), resulting in consolidation of the business in one entity and strengthening the position of the merged entity, by enabling it to harness and optimize the synergies of both the companies. Therefore, the management of the Transferor Company and the Transferee Company believe that the Scheme of Amalgamation would benefit the respective companies and other stakeholders of respective companies, inter-alia, on account of the following reasons:

- 2.3 The Audit Committee noted that the Company has obtained a certificate from its Statutory Auditors that the accounting treatment contained in the proposed Scheme is not in violation of the requirements of Section 133 of the Companies Act, 2013.
- 3. Recommendations of the Audit Committee:

#### **BACKGROUND/PURPOSE**

We understand that the managements of M/s Sasken Network Engineering Limited (SNEL) and M/s Sasken Communication Technologies Limited (SCTL) are proposing a Scheme of Amalgamation wherein M/s Sasken Network Engineering Limited will be amalgamated with the parent company M/s Sasken Communication Technologies Limited with effect from the appointed date which is 1st April, 2015. This is proposed to be achieved by a Scheme of Amalgamation under the provisions of Sec 391-394 of the Companies Act, 1956, including the applicable provisions of the Companies Act, 2013, and any amendments and/or re-enactment thereof, for the time being in force.

In this connection we have been requested by Sasken Communication Technologies Limited, transferee company to render our professional services by issuing a fairness opinion as per clause 24(h) of the Listing Agreement on the Scheme of Amalgamation.

The Transferor Company Sasken Network Engineering Limited is a wholly owned subsidiary of the Transferee Company and the entire Share Capital is held by the Transferee Company only. Accordingly there would be no issue of equity shares of the Transferee Company to the shareholders of the Transferor Company. Pursuant to the vesting of the undertaking in the Transferee Company the equity shares of the Transferor Company shall automatically stand cancelled and extinguished.

As per para 5.16 (a) of circular no. CIR/CFD/DIL/ dated May 21<sup>st</sup> 2013, issued by SEBI,in such a situation no valuation is required and the above Scheme seems to be fair and reasonable since the shareholders of Sasken Communication Technologies Limited will continue to remain the beneficial owners of M/ Sasken Communication Technologies Limited in the same proportion they held before the Scheme.

Fairness Opinion on SCTL

'Valuation Report from an Independent Chartered Accountant' need not be required in cases where there is no change in the shareholding pattern of the listed company. In such cases, the listed entities shall furnish an undertaking certified by the auditor and duly approved by the Board of the company clearly stating the reasons for non-applicability of Para 5.16 (a).

The company has given such an undertaking dated 9th September, 2015 which has been certified by the Auditors S.R.Batliboi & Associates, LLP, Chartered Accountants, as on 14th Sept,2015 having their address at 12th & 13th Floor, UB City, Canberra Block no 24, Vittal Mallya Road, Bangalore-560001.

Based on the above certified undertaking we feel that the Scheme is fair and reasonable

#### RATIONALE OF THE SCHEME

SCTL's core business focus has been delivering solutions for embedded communications systems. SCTL serves customers across the entire communications value chain and helps them accelerate product development life cycles. About a decade back, SCTL identified a niche area to extend its core capabilities to include areas such as Network Engineering, Network Performance and allied Technical Services. As these areas were complimentary to that of SCTL, but required focused efforts to build competencies to win and execute business, SCTL established a 100% subsidiary that was entirely focussed on this segment.

SCTL is considering engaging in broadening its market focus and address the growing need for next generation IT Services. The proliferation of technologies such as social media, mobility, analytics and cloud has necessitated major changes in the IT Infrastructure and Services of any modern day enterprise. The pervasive nature of mobility and SCTL's strengths in the area makes the next generation IT services market attractive for SCTL.

Fairness Opinion on SCYL

The merging of SNEL with SCTL will provide the right impetus to address the Infrastructure Services Management, which is one of the fastest growing segments in the IT Industry. The amalgamation will make it possible to achieve economies in scale as the IT Services areas as customer acquisition and fulfilment functions can jointly address the market more effectively. The provision of SCTL's existing services combined with IT Services will also be more attractive to customers if they are delivered by one entity as it simplifies contracting and vendor management for the customers.

As a consequence of this amalgamation and corporate re-structuring, both the companies would have greater potential to develop and further grow and diversify with better optimization of funds and efficient utilization of resources. This would also simplify management structure leading to better administration and a reduction in costs from more focused operational efforts, rationalization, standardization and simplification of business processes.

In order to obtain the benefits of consolidated business, SNEL is sought to be amalgamated with SCTL.

The Board of Directors of the respective Companies earnestly hope that the proposed amalgamation would enure to the benefit of all the shareholders of the respective Companies including the creditors and employees of these companies.

### Rationale behind the Scheme of Amalgamation

The Scheme envisages the amalgamation of Sasken Network Engineering Limited (Transferor Company) with Sasken Communication Technologies Limited (Transferee Company), resulting in consolidation of the business in one entity and strengthening the position of the merged entity, by enabling it to harness and optimize the synergies of both the companies. Accordingly, it would be in the best interests of the Transferor Company and the Transferee Company. The proposed amalgamation of the Transferor Company with the Transferee Company is in line with the global trends to achieve size, scale, integration, greater financial strength and flexibility and in the interests of maximizing shareholder value. The merged entity is likely to achieve higher longterm financial returns than could be achieved by the companies individually. The Transferor Company and the Transferee Company believe that the financial, managerial and technical resources, personnel capabilities, skills, expertise and technologies of the Transferor Company and the Transferee Company pooled in the merged entity, will lead to increased competitive strength, cost reduction and efficiencies, productivity gains, and logistic advantages, thereby significantly contributing to future growth. Therefore, the management of the Transferor Company and the Transferee Company believe that the Scheme of Amalgamation would benefit the respective companies and other stakeholders of respective companies, inter-alia, on account of the following reasons:

- (i) Enable the Transferee Company to use the resources of the Transferor Company and generate synergy in operations; and
