RISING CURRENTS

Rising Currents reflects Sasken's journey through years of focused execution, strategic reinvention, and steady growth. It symbolizes the momentum we have built across key industries, the waves of transformation reshaping global technologies, and our ability to rise with clarity and confidence. As innovation converges with resilience, this theme captures Sasken's evolving role, from trusted engineering partner to value co-creator of innovative solutions enabling our customers to grow and adapt in a fast-changing, connected world.

Dear Shareholders,

*As one of the founders, I take immense pride in leading this 35-year-young Company; and I use the word **young** deliberately.*

Because even though we have decades of engineering excellence behind us, our spirit remains driven by curiosity, courage, and an unquenchable desire to improve. We have persevered through the years, constantly adapting to stay relevant to our marquee customers, many of whom are Fortune 500 companies and have been with us for decades. In an industry shaped by rapid transformation, Sasken has remained grounded in purpose and disciplined in execution.

At the heart of Sasken's resilience lies our **Chip-to-Cognition DNA** - the ability to connect silicon to software, edge to cloud, AI and machine learning. It is this deep, horizontal strength across the product lifecycle that continues to power our relevance in an increasingly connected world. We have built this journey by combining engineering rigour with an enterprise mindset to create impact, not just code.

As we reflected on this legacy and looked ahead, it became evident that our next phase of growth required sharper focus and scaled ambition. This thinking gave rise to our **60x4x3 strategy**, a bold, enterprise-wide mission to:

- ▶ Focus and grow at least **60** of our **Marquee customers**
- ▶ Grow and sustain them to at least **\$4 Mn each** and if the potential is larger, then work on growing them into even larger accounts
- ▶ In **3-year** timeframe - by FY '27

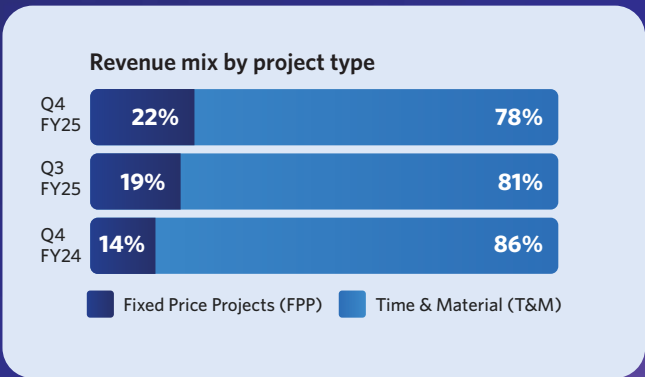

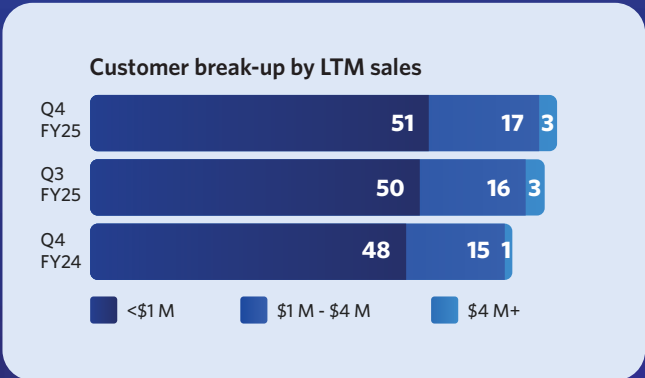

RAJIV C. MODY

Chairperson, Managing Director & CEO
Sasken Technologies Ltd.

As an Organization, the mission 60x4x3 is the north star that has aligned every function and every level of the Organization. It has helped us sharpen our focus, challenge our limits, and energize our teams with clarity of purpose.

Over the past five quarters, we have delivered consistent revenue growth, closing FY 2025 with ₹550.91 crores in consolidated revenues, a 35.6% YoY increase. Quarter after quarter, this growth trajectory has reaffirmed the choices we’ve made and the direction we’ve taken. More importantly, we now see 17+ of our customers contribute \$1 million+ in revenue. During the last year, we have seen a steady **increase in the number of active customers**, reflecting the growing trust in Sasken’s capabilities. Our portfolio shows a healthy balance of long-standing anchor accounts and newer, fast-scaling relationships.

Customer profile

The **customer breakup by revenue** is progressively shifting towards higher-value clients, reinforcing the effectiveness of our 60x4x3 mission and our focus on driving sustainable, high-impact partnerships. Credit for this entire growth goes to every Sasian, who have worked relentlessly with the single-minded focus to march towards this mission of ours.

This year, we deepened our capabilities across high-impact technologies:

Generative AI, where we launched accelerators to expedite software delivery and intelligent log analysis.

Automotive SDVs, ADAS, and Digital Cockpits, through scalable software frameworks and Virtual Cockpit platforms.

NTN Satellite Communications, where we are contributing to D2D innovation, gateway development, and next-gen MSS/LEO solutions.

Cybersecurity and Product Security, with a shift-left focus to embed compliance and resilience from the design stage.

To achieve these, we took a conscious call to proactively invest into the development of these technologies, which we can take to our customers. We will see this resulting in deeper engagement with our customers in the coming years.

We also took some bold actions on how to grow business in an inorganic manner. We realized that some of the areas which are expected to be high growth areas and market requires us to think outside the box. Silicon Design, ODM and setting up of Sasken Japan Co. Ltd, a wholly owned subsidiary are such decision we took to build new vectors of growth particularly from domain and market perspectives.

- Our focused push in **Sasken Japan** subsidiary is gaining strong momentum. We are setting up regional teams, engaging directly with OEMs and Tier-1s, and building a reputation for quality and trust.
- Strategic investment in **Sasken Silicon Technologies Pvt. Ltd. & Sasken Silicon Inc.** has strengthened our capabilities in semiconductor design and foundry services; an area of strategic importance as silicon becomes central to innovation across sectors.

- Acquisition of **Borqs International Holding Corp** along with its wholly owned subsidiaries, reflect our strategic commitment to become a **comprehensive, end-to-end ODM player**. This move strengthens our ability to deliver **integrated value across the smart device ecosystem**, from concept and design to development and manufacturing. It allows us to **collaborate more closely with customers and ecosystem partners**, enabling us to drive innovation in scale, enhance relevance, and deepen our impact across markets.

These strategic investments are creating a differentiated Sasken, one that is deep in domain expertise, rich in partnerships, and ambitious in its goals.

While our business is growing, what truly excites me is the cultural transformation underway. Teams across Sasken are taking more ownership, making faster decisions, and pushing for outcomes. We have focused deeply on goal alignment across all levels, and this is evident in the sharpness of execution we are now seeing. Every team, every individual now sees how their work contributes to the success of our 60x4x3 mission.

Our focus on people is equally relentless. FY 2025 saw one of the lowest attrition rates in the past 17 years, a direct outcome of our investment in engagement, recognition, learning, and growth. From new leadership development programs and DEI initiatives to a reinvigorated employer brand, we are nurturing a high-trust, high-performance culture. Our Great Place to Work® recertification and recognition by Avtar Seramount are proud validations of our people-first approach.

At the same time, our brand visibility across customers, partners, and talent is at its highest. We are now being seen and heard in conversations that matter:

- **At Mobile World Congress, CES, Satellite Show, Autotech Show** and other industry forums, where our teams have showcased cutting-edge solutions.
- In domains like **automotive SDVs, 5G/6G, satellite communications**, and **on-device AI**, where Sasken is partnering in programs that shape the future.
- Our partnerships with **AWS, ARM, BlackBerry, Databricks**, and more continue to grow, enabling us to co-innovate and co-deliver differentiated value to our customers across automotive, semiconductors, smart devices, telecoms, and industrials.

As I look at FY26, I am filled with optimism and confidence. Our priorities are clear:

- Razor sharp focus on how to grow the customer accounts and be relevant to them all the time, show continued success in our 60x4x3 mission,
- Successfully integrating Borqs to create a unified, agile, and build an ODM business.
- Scaling our Japan Operations and Sasken Silicon,
- Deepening our investments in AI, product security, digital twins, cloud-native development, and cyber-resilient design.
- Continuing to build a company that is transparent, inclusive, and driven by accountability at all levels.

To our shareholders, partners, customers, and employees — thank you for believing in Sasken. We are not just building a company that grows; we are building one that **endures, inspires, and leads**.

The best is yet to come.

Warm regards,

Rajiv C. Mody

Chairperson, Managing Director & CEO
Sasken Technologies Ltd.

TECHNOLOGY AND MARKETS

Technology in FY 2025 continues to redefine the fabric of modern enterprise, driving convergence, intelligence, and agility across industries. Businesses no longer view digital transformation as a standalone initiative, but as a foundational layer of their long-term strategy. With rising expectations for faster innovation, real-time insights, and energy-efficient systems, organizations prioritize solutions that deliver measurable value at scale. The demand shifts decisively toward high-impact technologies, namely, AI-driven architectures, software-defined systems, edge computing, and domain-specific platforms, capable of powering next-generation products and services.

In this evolving landscape, enterprises seek strategic engineering partners who solve deep contextual problems, accelerate product cycles, and ensure readiness for a digital and intelligent future.

Our engineering-first DNA, combined with a strong vertical focus and deep specialization across embedded systems, connectivity stacks, platform software, and AI/ML integration, positions us to meet this demand with precision. Your Company brings value not only through solutioning and delivery but by actively co-innovating with customers, anticipating future needs, and enabling transformation from chip to cognition.

The following sections outline how we translate this approach into real-world impact across our key markets through differentiated offerings, ecosystem partnerships, and a sustained commitment to excellence and agility.

SEMICONDUCTOR

The semiconductor industry is poised for transformative growth in 2025, fueled by the rapid adoption of Artificial Intelligence (AI), expanding data centers, and the rising demand for high-performance, low-power chips. Generative AI, 5G advancements, and edge computing are driving innovation, pushing the industry toward specialized AI chipsets, high-bandwidth memory solutions, and energy-efficient architectures. However, this accelerated growth presents challenges, including a global shortage of skilled semiconductor professionals, foundry consolidation leading to intensified competition for manufacturing slots, and geopolitical uncertainties that continue to disrupt supply chains.

The push towards semiconductor self-reliance is gaining momentum, with new fabs, government incentives, and strategic partnerships fostering a strong semiconductor ecosystem. These initiatives are not only enhancing India's role in the global supply chain but also creating new opportunities for businesses to expand in the region. However, overcoming workforce shortages and navigating evolving trade policies will be crucial for long-term success.

At Sasken, our expertise in analog and RF technologies, combined with end-to-end capabilities in debugging, testing, verification, and validation, positions us as a trusted partner for global chipset vendors.

We specialize in delivering power-efficient, high-performance semiconductor solutions tailored for AI, smart devices, computing, automotive, and communication networks.

Our ability to accelerate time-to-market and ensure seamless integration across diverse applications makes us a key player in this dynamic industry. Through strategic collaborations and continuous investments in cutting-edge technology, we remain well-equipped to drive sustained growth, navigate industry challenges, and contribute meaningfully to the future of semiconductors.

AUTOMOTIVE

The automotive technology industry is undergoing a rapid transformation in 2025, driven by advancements in electric mobility, autonomous systems, and connected vehicle solutions. The global push towards sustainability is accelerating EV adoption, with manufacturers investing heavily in battery innovation to extend range and reduce charging times. Autonomous vehicle development is progressing, emphasizing enhanced safety features and regulatory compliance. Additionally, the proliferation of Internet of Things (IoT) devices is enabling vehicles to become more interconnected, facilitating real-time data exchange and personalized in-car experiences. However, these technological strides bring challenges, including the need for robust cybersecurity measures to protect against increasing threats and addressing the shortage of skilled professionals adept in emerging automotive technologies. Collaborations between automotive companies and tech firms are becoming more prevalent, aiming to foster innovation and navigate the complexities of this evolving landscape.

Sasken's deep-rooted presence in the automotive electronics landscape is built on collaborations with

global OEMs, tier-1 suppliers, and silicon vendors, as well as a broad ecosystem of partners including independent software vendors, middleware providers, and mobility innovators. We continue to support the development of advanced telematics and navigation platforms that power multiple OEM programs across the globe.

Our work in Software Defined Vehicles, vehicle networking, and autonomous driving, particularly Level 3 and Level 4 applications remains central to our value proposition.

We also deliver end-to-end cybersecurity and connectivity solutions, ensuring compliance and performance across platforms. A notable milestone was our critical contribution to the successful launch of the world's first fully autonomous Robotaxi in the USA. Our long-term vision is rooted in co-creating value through strategic partnerships, talent development, and a repository of reusable assets that reinforce customer trust and enable future-ready innovation.

INDUSTRIAL

The industrial sector is entering a new phase of digital maturity, driven by the convergence of intelligent systems, automation, and data-centric decision-making. Smart manufacturing has evolved into a strategic imperative, with organizations increasingly leveraging industrial IoT, AI-powered analytics, and cloud-based platforms to maximize uptime, streamline operations, and respond dynamically to supply chain fluctuations. Predictive maintenance is emerging as a key differentiator, enabling early fault detection and optimized asset performance with minimal human intervention. In parallel, the rise of digital twins and immersive simulation technologies is transforming how industrial systems are designed, monitored, and maintained.

As connectivity across operational technology (OT) environments deepens, the sector is also facing a sharp escalation in cybersecurity threats, particularly in mission-critical systems. Securing industrial infrastructure has become integral to ensuring business continuity and protecting intellectual property.

Sasken's Industrial segment is strategically positioned to meet the evolving demands of the manufacturing and industrial IoT landscape, delivering secure, connected, and intelligent solutions that enable customers to accelerate their transformation and remain future-ready. As digital transformation accelerates, we empower product companies to adapt and scale confidently through our capabilities in silicon design, IP-led engineering, and foundry services.

Our three-pronged approach, focused on enterprise devices, industrial machinery, and digital enablement platforms, ensures comprehensive value delivery across the ecosystem. By leveraging our strengths in cloud-native architectures, DevOps, and AI/ML, we develop solutions that enable process automation, real-time asset tracking, digital twins, and enhanced plant visibility, helping customers reimagine operational efficiency.

Security is embedded into every layer of our engineering. Our Centre of Excellence (CoE) for security provides secure-by-design product development for mission-critical environments. In parallel, we continue to advance our capabilities in applied AI and GenAI, including edge-deployed LLMs that deliver contextual intelligence for inferencing in resource-constrained settings.

Our long-term support CoE ensures product longevity, reliability, and compliance, while strategic collaborations with platform partners enable robust cloud-based data lake and analytics architectures, unlocking data-driven insights and driving innovation for Industrial OEMs.

COMMUNICATION NETWORKS & DEVICES

The communications and devices landscape are undergoing a significant transformation driven by the convergence of terrestrial and non-terrestrial networks, and the pervasive integration of AI across the value chain. AI is powering innovations in RAN optimization, network diagnostics, customer analytics, and security, while increasingly moving onto the edge, enabling on-device intelligence across smartphones, rugged enterprise devices, and network equipment. At the same time, connectivity demands are rising across industries, particularly in automotive and industrial IoT, where seamless integration between Cellular-V2X, SDV platforms, and satellite networks is critical.

The evolution of WiFi-7, expected to see widespread adoption by 2025, and the proliferation of direct-to-device satellite communication are redefining access, reliability, and performance expectations. The satellite communication sector continues to grow rapidly, with LEO, MEO, and GEO systems forming a 'network of networks' that complements terrestrial infrastructure and expands global coverage. Innovations in re-generative satellite technology, NTN IoT and NR, and 3GPP-aligned platforms are unlocking new use cases in broadband and mission-critical services.

India is emerging as a significant player in this space, with increasing investment in AI and telecom innovation, a favorable policy environment, and growing demand for smart connectivity. The country is becoming a preferred destination for global OEMs and a hub for intelligent, scalable network development.

With over three decades of experience in the communications domain, Sasken stands as a veteran in the sector, deeply embedded in the evolution of network technologies and device ecosystems. Our long-standing partnerships with global RAN suppliers, telecom OEMs, and satellite communication providers underscore our credibility and technical depth. We continue to support critical programs, including GSM/LTE-based railway communications for a leading European conglomerate, and are actively developing next-generation NTN-enabled phones and terminals.

Our work spans Broadband Global Area Network (BGAN) and Global Satellite Phone Service (GPS) solutions, contributing to globally reliable data and voice communications. We have also delivered proof-of-concept and production-grade systems for OEMs and integrators aiming to connect billions of devices across diverse terrains. As we look ahead, our sustained investments in VSAT development and next-gen connectivity platforms reinforce our commitment to delivering secure, scalable, and intelligent solutions for a hyperconnected future.

DIGITAL SERVICES

The digital sector continues to evolve at a rapid pace, shaped by the convergence of intelligent technologies, cloud-native architectures, and data-driven strategies. As digital becomes the default operating model for modern enterprises, organizations are rethinking customer engagement, product development, and operations through the lens of agility, automation, and intelligence. Cloud platforms have matured to become foundational to this shift, enabling hyper-scalability and seamless integration of advanced technologies like AI, machine learning, and edge computing.

One of the most transformative forces is the integration of generative AI into business workflows, software development, and customer experiences. From accelerating content generation and software testing to driving contextual personalization, GenAI is redefining speed and creativity in digital operations. At the same time, traditional DevOps is giving way to DevEx-Developer Experience, highlighting the importance of intuitive, efficient toolchains and platforms that enhance developer productivity and reduce time to market.

Security remains a critical enabler and differentiator in the digital age. As digital footprints expand, so do threat surfaces. The increasing sophistication of attacks ranging from social engineering to deepfakes requires security to be embedded at every layer of the development and deployment lifecycle. This has led to the rise of secure-by-design frameworks, continuous threat detection, and cyber resilience strategies that balance innovation with vigilance.

India continues to play a pivotal role in the global digital value chain. With its growing cloud and data infrastructure, vibrant startup ecosystem, and government-led digital public infrastructure initiatives, India is at the forefront of enabling inclusive, scalable, and secure digital transformation. The country's

strength in software engineering, combined with its investments in emerging tech like AI, IoT, and 5G, is positioning it as a digital innovation hub for global enterprises.

Sasken's digital services are strategically aligned with these industry shifts. Our offerings span connected platform development, cloud-native solutions, data engineering, GenAI-powered accelerators, and DevSecOps frameworks. We are deeply focused on enabling digital differentiation through productivity tools, predictive analytics, and intelligent automation. With a strong emphasis on secure, scalable, and human-centric solutions, we are helping customers reimagine their digital journeys and deliver continuous value in an increasingly connected world.

GOING FORWARD

Technology is advancing toward a more seamless fusion of intelligence, security, and personalization, embedded at every layer of the digital experience. The next wave will be defined by the operationalization of GenAI across the edge, enabling context-aware, real-time intelligence in constrained environments. As software continues to define hardware functionality, there is a growing shift toward platformization, composable architectures, and AI-native development stacks. Meanwhile, secure-by-design and privacy-first paradigms are becoming non-negotiable in a hyperconnected world where trust is a key differentiator. With rapid convergence across industries from automotive to industrials, from communication networks to consumer devices, technology is no longer just an enabler but a strategic driver of value. Sasken remains committed to staying at the forefront of this transformation, investing in future-ready capabilities, fostering ecosystem collaboration, and delivering engineering solutions that are intelligent, secure, and scalable by design.

CORPORATE SOCIAL RESPONSIBILITY

BUILDING AN INCLUSIVE AND SUSTAINABLE TOMORROW

At Sasken, Corporate Social Responsibility is not a mandate, it is a commitment rooted in our core values. As a technology leader, we recognize that innovation and impact must go hand in hand. FY 2025 marks a significant stride in our CSR journey as we deepen our engagement with communities, drive inclusive growth, and scale our environmental stewardship.

A DECADE OF EMPOWERMENT: STRENGTHENING LOCAL COMMUNITIES

This year, Sasken proudly completed 10 years of partnership with the Self-Employed Women's Association (SEWA), a collaboration that has transformed millions of lives across rural Gujarat.

Our innovative digital platforms, **m-Bachat** and the **Membership Management System (MMS)**, continues to create meaningful economic inclusion:

- **m-Bachat**, a micro-banking app, enabled **30,308 women** to collectively save **₹2.57 crores** in FY 2025, fostering financial independence and digital literacy.
- The **MMS platform** now manages **20.17 lakh members** across 13 regions, providing real-time access and transparency to SEWA's vast and growing network.

Through digital enablement and trust-building, we are not just supporting women, we are empowering community leaders.

CATALYZING FUTURES THROUGH EDUCATION AND SKILLS

In partnership with MyLittleBit, Sasken is nurturing the next generation of skilled professionals through the **Integrated Skill Development Program (ISDP)**. This initiative focuses on embedding life and employability skills directly into the higher education curriculum.

- In FY 2025 alone, **1,055 underprivileged students** in Karnataka, **73% of whom are women**, benefited from this training, significantly enhancing their employability and confidence.

By bridging the gap between academic learning and real-world readiness, Sasken is helping young minds unlock their full potential.

DELIVERING HEALTH WITH DIGNITY AND REACH

Recognized nationally for its social impact, this model brings specialized care to the doorstep of those who need it most.

We also advanced nutrition security through:

72,727 meals for **1,125 elderly residents** in 5 old-age homes via the Joy of Giving program.

Healthcare equity remains a core CSR focus. Our Mobile Eye Hospital, in collaboration with the Vittala International Institute of Ophthalmology (VIO), brought advanced eye care to underserved communities across eight districts of Karnataka.

This award-winning initiative delivered:

4,126 screenings

1,066 laser treatments

452 surgeries

466 anti-VEGF injections

Daily morning nutrition for **13,089 students** across **308 rural schools**, in partnership with the Sri Sathya Sai Annapoorna Trust.

Additionally, Sasken volunteers contributed to better educational environments by **distributing school bags** and **installing clean water facilities in schools**.

CHAMPIONING ENVIRONMENTAL STEWARDSHIP

At Sasken, sustainability begins at the grassroots. Our **Smart Village Project** in Hosahalli is helping farmers transition to environmentally responsible, pesticide-free agriculture:

- Distribution of **biochar kits, vermicompost, saplings, and bee boxes** led to **up to 30% increases in crop yield**, improved pollination, and new honey-based livelihood options.

Internally, our employee-led Prakriti group continued to champion green practices:

Biogas plants
converting food
waste to energy

**On-campus
organic farming**

**Rainwater harvesting
systems** aimed at
making Sasken
water-positive by
2026

**Plastic-free
offices**, including
events, pantries,
and water stations

We believe sustainability is everyone's responsibility, ours begins from within and radiates outward.

LOOKING AHEAD: SCALING IMPACT, BROADENING PURPOSE

As we move forward, we remain committed to:

Advancing our alignment with **United Nations Sustainable Development Goals (SDGs)** and **ISO 26000 standards**

Expanding our participation in the **UN Global Compact** as of FY 2025

Scaling **technology-driven CSR solutions** that ensure long-term, measurable impact

Sasken's CSR is not a side initiative, it is central to our identity.

We will continue to harness the power of innovation and compassion to create a world that is equitable, empowered, and environmentally sound.

EMPOWERING OUR PEOPLE

THE HEART OF OUR SUCCESS

Our values embodied in the iRADICLe framework are more than just guiding principles; they are the foundation of how we collaborate, innovate, and grow together. As the world of work evolves, these values continue to steer us to foster a workplace where individuals feel empowered, included, and inspired.

FY 2025 marked a period of **cultural reinvigoration**. While hybrid work models continue to offer flexibility and adaptability, the gradual return to our physical offices has re-energized our teams. More than a logistical shift, this return has **reignited informal collaboration, strengthened interpersonal connections**, and reinforced the collective spirit that defines Sasken.

A standout marker of this cultural alignment has been the lowest **quarter-on-quarter attrition of ~8%**, in our history. This is a direct reflection of the engagement, belonging and the trust our employees experience. It is also a validation of our ongoing investments in **employee development, recognition, and well-being**. We firmly believe that our ability to deliver impact for customers, partners, and stakeholders is driven by the commitment, creativity, and capabilities of our people.

In FY 2025, we expanded our focus on:

- **Leadership and learning programs**, including mentoring initiatives and upskilling efforts
- **Diversity, equity, and inclusion (DEI)**, guided by a formal charter and championed across functions

- Holistic **well-being**, from mental health to work-life integration

These initiatives are not standalone programs but an integral part of our growth strategy, enabling us to scale sustainably while staying grounded in purpose and people-first values. As we look to FY26 and beyond, we remain committed to building a culture where every Sasian can thrive, lead, and contribute meaningfully. Truly a workplace is defined not only by performance, but by purpose.

A THRIVING WORKFORCE

In FY 2025, our workforce grew to 1,894 professionals across geographies. Our diverse team brings together a wide array of experiences and expertise that fuel our culture of innovation.

We onboarded 634 new employees and welcomed 90 freshers, reaffirming our commitment to building the next generation of talent. Our merger with Anup Silicon further expanded our talent pool and capabilities.

Our employer **rating on Glassdoor improved from 3.6 to 3.9 and on AmbitionBox from 3.4 to 3.8**, reflecting the positive impact of initiatives focused on transparency, employee engagement, and leadership accessibility. Programs like biannual HR one-on-one connects, team outings, and consistent engagement at customer locations have further strengthened our retention efforts.

Employees participated in key industry events like **Mobile World Congress (MWC), SATSHOW 2025, CES 2025, VLSID Summit, IZB 2024, AutoTech Detroit, Electronica 2024**, gaining exposure to global trends and encouraging cross-functional collaboration. Our own flagship KenTech Fest customer event was another highlight, celebrating innovation and engagement through tech showcases and collaborative challenges.

INVESTING IN GROWTH AND DEVELOPMENT

At Sasken, continuous learning is integral to building a future-ready workforce and delivering on our growth strategy. In FY 2025, we deepened our focus on upskilling, leadership development, and technical readiness across roles and functions.

We launched **KenGuide**, a structured mentoring initiative that fosters personalized career development and cross-functional knowledge exchange. **KenMap**, our enterprise-wide learning framework, helped identify skill gaps and deliver targeted training for engineers in the **Growth Pool**.

Our **Sasken Delivery Management Course (SDMC)** equipped Program Managers with the tools to lead complex, multi-stakeholder projects. We also expanded our **Technical Competency Building (TCB)** framework—introducing **Data Science certification for campus hires** and extending coverage to Product Security, reinforcing our future-readiness.

Learning interventions were tailored for business units and extended to customer locations to ensure inclusiveness. Our **Shift-Left strategy** introduced early training for final-semester students, enabling faster project integration post-joining.

Our KenMap framework was recognized with the **HRedge Award for Best Skill Transformation Initiative**, affirming our commitment to creating a culture of learning, performance, and continuous growth.

CHAMPIONING DIVERSITY, EQUITY, AND INCLUSION

Diversity is core to our identity. Women represent 27% of our workforce, a reflection of our continuous focus on inclusion. We launched **Kenspire**, our DEI platform

designed to drive awareness, mentorship, and policy-led change. A newly constituted **Women's Committee** provides advocacy, leadership support, and community engagement. We also rolled out a three-year strategic roadmap to advance women at all levels.

Progressive policies, including **flexible work models, parental support, and tailored development programs**, continue to foster inclusion across underrepresented groups.

These initiatives are now embedded in our talent practices and business operations.

A CULTURE OF WELL-BEING AND RECOGNITION

Employee well-being remains a strategic priority. Through the **KenPal initiative**, we hosted over **100 wellness programs** addressing physical, mental, and financial health. Recognition programs such as **Achiever of the Quarter, Spot Awards, and Virtual Marbles** celebrated over **600 employee achievements each quarter**, reinforcing our culture of appreciation.

Our people-first culture was recognized externally with **Great Place to Work® certification**, while **69 leaders earned GMI certification**, contributing to a robust leadership pipeline. Accolades such as **INfHRA's Corporate Excellence Award and Ecovadis Bronze Certification** reaffirm our progress in HR and sustainability practices.

FUTURE OF WORK: EMBRACING INNOVATION

As the workplace evolves, we continue to adapt by leveraging **AI, automation, and data-driven insights** to redefine collaboration, enhance flexibility, and increase productivity. Our evolving policies support this transition, ensuring teams remain connected, engaged, and future ready.

As we move into FY26, our commitment remains steadfast: to foster a workplace where every Sasian is empowered to lead, grow, and contribute meaningfully to our collective success. Together, we are building a more **inclusive, agile, and forward-looking** organization.

BOARD'S REPORT

To the Shareholders,

Your Directors are pleased to present the Thirty Seventh Annual Report on the business and operations of the Company along with the Audited Financial Statements for the financial year ended March 31, 2025.

1. Financial Summary

The summary of the Standalone and Consolidated Financial Statements for the financial year ended March 31, 2025, is given below:

₹ in lakhs

Particulars	Consolidated for the year ended March 31		Standalone for the year ended March 31	
	2025	2024	2025	2024
Revenue	55,091.38	40,642.74	44,582.43	33,462.02
Profit Before Interest, Depreciation and Taxes	2,291.07	3,069.93	872.54	2,036.14
Provision for Depreciation	1,396.38	743.23	1,077.15	636.15
Earnings before Interest and Taxes	894.69	2,326.70	(204.61)	1,399.99
Interest	277.36	32.85	182.11	31.20
Other Income	5,583.50	7,086.12	6,196.54	8,443.98

5. Business Outlook, Economic & Regulatory scenario and Opportunities

The global business landscape is undergoing a profound transformation, shaped by rapid technological advancements, shifting geopolitical dynamics, and evolving regulatory frameworks. While innovation continues to accelerate across industries, the macroeconomic environment remains complex, with factors such as inflationary pressures, supply chain reconfigurations, and increasing nationalistic policies driving uncertainty. However, the technology sector, particularly in AI, semiconductor advancements, and digital connectivity, remains a key enabler of economic resilience.

Board's Report (Contd.)

At Sasken, our foundation of World-Class Delivery, Intellectual Integrity, and a Tech-First approach positions us to navigate these complexities with agility. As enterprises prioritize digital transformation, sustainable growth, and operational efficiency, our expertise in semiconductor solutions, automotive technologies, and AI-driven innovation allows us to deliver cutting-edge engineering services to global clients. The increasing push for semiconductor self-reliance, the rise of software-defined vehicles, and the convergence of AI with embedded systems create strong tailwinds for our business.

India's role in the global technology ecosystem continues to strengthen, with government-backed initiatives fostering a robust semiconductor and electronics manufacturing ecosystem. Regulatory shifts in data security, cyber security, and sustainability compliance also present new challenges and opportunities. Organizations are now seeking greater value from their technology investments, driving a shift towards high-impact, efficiency-driven engineering services. Sasken's strong domain expertise, customer-centric approach, and ability to adapt to changing market needs position us as a preferred partner in this evolving landscape.

Our commitment to sustainable business practices, governance excellence, and environmental responsibility remains steadfast. By leveraging digital collaboration, strengthening cyber security frameworks, and driving operational efficiencies, we ensure business continuity and resilience in an ever-changing world.

As we move forward, our leadership remains vigilant, continuously monitoring global and industry trends to mitigate risks and seize emerging opportunities. With a balanced approach to investment, innovation, and operational scalability, we are well-positioned to drive growth while ensuring business stability. Our ability to remain agile while staying committed to long-term value creation enables us to thrive in today's dynamic economic and technological environment.

For a deeper analysis of our strategic direction and market opportunities, please refer to the 'Management Discussion and Analysis Report' and 'Technology and Markets' sections forming part of this Report.

11. Risk Management Policy, Internal Control Systems and their adequacy

The abnormal working environment which was foisted on your Company due to the pandemic has made us to reassess our risk management practice. Revisiting mitigation plans provided valuable insights which continue to guide our operational practices.

Board's Report (Contd.)

Our risk mitigation practices have stood the testing time periods in the last couple of years. In spite of the hurdles faced, these developments have helped your Company to continue to be committed to excellence in service delivery, customer delight, employee engagement, and welfare.

In the last couple of years, remote working has enabled operations in a significantly improved digital environment. This requires the development of additional internal control systems and mechanisms, which were fast-tracked by the sudden changes. Business Continuity processes were re-examined to ensure seamless customer delivery. Increased Cyber Security processes helped us maintain the same level of vigil to thwart any attempts of intrusion which are common in these times. These measures have helped us maintain customer & project data, confidentiality, and integrity. The Emergency Response Team constituted during the pandemic continues to operate and ensure that we keep business as usual.

Your Company continues the best practices in risk management by systematically identifying entity, business, functional & environmental risks on an ongoing basis. The constitution of a formal Internal Risk Management Team, with oversight provided by the Risk Management Committee of the Board, has sharpened the focus on mitigation actions. These are also discussed in the meetings of the Risk Management Committee, Audit Committee and the Board of your Company. All these have helped in ensuring your Company is committed to its Environmental, Social, and Governance principles & practices.

Your Company's internal control systems are commensurate with the nature of its business and the size and complexity of its operations in the changed working environment. These are routinely tested by Statutory as well as Internal Auditors. Significant audit observations, if any, and actions taken thereon are reported to the Audit Committee.

The key business risks identified by your Company and mitigation plans are detailed in the *Management Discussion and Analysis Report*.

The provisions of sub-section (1) of Section 148 of the Act are not applicable to the Company as Central Government has not specified the maintenance of cost records for any of the business activities of the Company.

Energy Conservation, Technology Absorption and Foreign Exchange earnings and outgo**A. Energy Conservation - Environmental Management System**

We are dedicated to responsible energy use and sustainable resource management. By prioritizing conservation, efficiency, and cutting-edge innovation, we strive to minimize our environmental footprint while upholding the highest standards of operational excellence.

78% of our electricity consumption across all India facilities is offset through direct procurement of renewable energy from wind / solar sources. The remaining 22% is balanced through investments in International Renewable Energy Certificates (I-RECs), aligning with global sustainability standards. Additionally, our facilities in Chennai and Pune started operating from Green Building Council certified premises, reinforcing our commitment to eco-friendly operations.

Through these strategic efforts, Sasken continues to lead in sustainable energy management, reducing our carbon footprint and contributing to a cleaner and greener future.

B. Research & Development

We continue our well-defined focus on product engineering and digital services with a recent foray into custom silicon and foundry services. Our sectoral focus remains in semiconductors, automotive, industrials, communication networks & devices, satellite communications, and transportation sectors. With a technology-first approach embedded in our DNA, we aim to serve the entire spectrum from Chip to Cognition.

As in previous years, our investments continue to focus on key areas such as Generative AI, 5G, 5G-Advanced, Non-Terrestrial Networks, Automotive (including Software Defined Vehicles, Connected Vehicles, Integrated Cockpit, and Electric Vehicles), IoT, Cybersecurity, Artificial Intelligence, Machine Learning, and Computer Vision. Digital technologies are at the core of every aspect of modern life, further solidifying their central role in driving the tech evolution. Your Company is positioned at the forefront of this digital revolution, with a robust suite of digital services designed to meet the needs of both existing and new customers. Notably, we have embarked on new engagements with next-generation automotive Tier-1 suppliers and global OEMs, delivering innovative connected car services, scalable data platforms, cybersecurity consulting, DevSecOps, MLOps, and predictive analytics solutions.

C. Technology Absorption

Our approach to continuous learning is rooted in the belief that innovation thrives when individuals are empowered with the right skills. This year, we introduced targeted learning programs tailored to diverse roles from engineers and program managers to new campus hires, ensuring relevance and impact at every level. Kenguide, our flagship mentoring initiative, fostered a culture of personalized growth and cross-functional knowledge exchange.

Through a structured application of KenMap, we identified critical skill gaps and delivered focused training for engineers in the growth pool. Initiatives like the Sasken Delivery Management Course (SDMC) equipped managers with tools to navigate complex program landscapes. Our TCB framework was expanded to new domains including Data Science and Product Security, reinforcing our future-readiness.

Our Shift-Left initiative redefined early engagement with final-semester students through pre-onboarding learning, enabling smoother integration and accelerated productivity. These efforts culminated in industry recognition, with the HRedge Award for Best Skill Transformation Initiative, underscoring our commitment to nurturing a skilled, agile, and future-ready workforce.

Sexual Harassment Redressal Committee

Your Company is committed to equal opportunity and a safe work environment for all employees. A gender-neutral policy on preventing sexual harassment ensures workplace safety.

In accordance with the Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013, an Internal Complaints Committee (ICC) addresses grievances related to sexual or other forms of harassment. The Committee includes senior employees from various departments, a counsellor, and a chairperson.

The chairperson is a senior woman employee, and at least 50% of the members are women. One member is always from a third party, such as an NGO or another qualified individual or body.

During the year, the Committee has received one case and the same under investigation. The meetings are held as and when required and a minimum of 3 members were present to discuss the issues tabled. Terms of reference are as follows:

1. To resolve employee grievances related to sexual harassment and any other forms of harassment at the workplace.
2. Assisting the aggrieved to get appropriate information, support, and assistance in resolving the said grievance.
3. Preventing victimization for having raised a complaint or on account of being associated with a grievance.
4. Working towards closing the grievance as soon as possible after conducting the required inquiry and providing necessary resolution.

To sensitize the employees about the measures taken to ensure a safe workplace, the Company had conducted regular awareness sessions for leaders, Managers, and all the employees through an ICC and external consultant. Several formal training sessions and open awareness programs have been conducted in the year in consideration.

Annexure to Board's Report (Contd.)

Apart from the above initiatives, any new entrant such as employees, contractors, trainees, and consultants working from our premises are mandated to go through the e-learning modules on addressing Sexual Harassment to build awareness and compliance. All employees, consultants, and contractors are mandated to go through sexual harassment e-learning sessions once a year. Training for contract staff has also been provided in vernacular language to ensure better understanding. The committee members have been supported through training and participation in conferences held on the subject of Prevention of Sexual Harassment at the workplace. Awareness campaigns have been conducted round the year using electronic media at all our facilities.

Our Company would continue to ensure that all employees are treated equally and there is no discrimination or harassment of any nature at the workplace.

General

- a) Non-resident shareholders are requested to notify at the earliest:
- Change in their residential status on return to India for permanent settlement;
 - Particulars of their NRE Bank Account with a bank in India, if not furnished earlier;
 - E-mail address, if any, to the Company / RTA.
- b) In case of loss / misplacement of share certificates, shareholders should immediately lodge an FIR / Complaint with the police and inform the Company / RTA along with a copy of FIR / acknowledged copy of complaint seeking the formalities to be complied with for issuance of duplicate share certificate.
- c) Shareholder(s) of the Company who have multiple accounts in identical name(s) or holding more than one Share Certificate in the same name under different Ledger Folio(s) are requested to write to the Company for consolidation of such Folio(s) with the relevant share certificates. As this would facilitate ease of tracking of all corporate benefits on the shares and would reduce time and efforts required to monitor multiple folios / demat accounts.
- d) Some of the shareholders have not yet exchanged their old share certificates for the new ones, necessitated on the consolidation of share capital processed by the Company in July 2004 (i.e., consolidation of two old shares of ₹ 5 each into one new share of ₹ 10). Such shareholders are advised to send the old share certificates immediately to the Company so that new share certificates can be sent. Please contact us at investor@sasken.com or cosec@sasken.com for any assistance required in this behalf or for dematerialization of shares. It is needless to mention that the old share certificate(s) cannot be submitted for dematerialization.
- e) Shareholders are informed that by the operation of the Act, a notice may be sent through e-mail as a text or as an attachment to e-mail or as a notification providing electronic link or Uniform Resource Locator (URL) for accessing such notice. All future communication of the Company to shareholders who have registered their e-mail IDs with their DPs or Company will be sent only by way of e-mail. Shareholders are requested to check their e-mails at regular intervals. Such communication will also be made available on the Company's website www.sasken.com.
- f) Shareholders are also informed that under the Act, the Company's obligation shall be satisfied when it transmits the e-mail, and the Company shall not be held responsible for a failure in transmission beyond its control. If a shareholder entitled to receive notice fails to provide or update relevant e-mail address to the Company or to the DP as the case may be, the Company shall not be in default for not delivering notice via e-mail.
- g) We solicit suggestions for improving our investor services.
- h) Important Information

Shareholders may note that the Income-tax Act, 1961, (the IT Act) as amended by the Finance Act, 2020, mandates that dividend paid or distributed by a company on or after April 1, 2020 shall be taxable in the hands of shareholders. The Company shall therefore be required to deduct tax at source (TDS) at the time of making the payment of dividend. To enable us to determine the appropriate TDS rate as applicable, shareholders are requested to submit relevant documents, as specified in the below paragraphs, in accordance with the provisions of the IT Act.

For resident members, taxes shall be deducted at source under Section 194 of the IT Act as follows:

Shareholders having valid PAN and linked to their Folio	10%* or as notified by the Government of India (Gol)
Shareholders not having PAN / valid PAN or it is not linked to their Folio	20% or as notified by the Gol

** As per Section 139AA of the IT Act, every person who has been allotted a PAN and who is eligible to obtain Aadhaar, shall be required to link the PAN with Aadhaar. In case of failure to comply with this, the PAN allotted shall be deemed to be invalid / inoperative and he shall be liable to all consequences under the IT Act and tax shall be deducted at the higher rates as prescribed under the IT Act.*

Please note that in case your PAN which was earlier linked with Aadhar gets delinked for any reason and at the time of payment of dividend, the status is not linked, then Company will deduct higher TDS. Further, in case PAN gets delinked with Aadhar after the payment of dividend, then in that case Company reserve the right to claim shortfall in TDS with interest from the shareholder.

However, no tax shall be deducted on the dividend payable to resident individual shareholders if the total dividend to be received by them during financial year 2025-26 does not exceed ₹ 10,000, and in cases where shareholders provide Form 15G / Form 15H (Form 15H is applicable to resident individual members aged 60 years or more) subject to conditions specified in the IT Act.

Resident shareholders may also submit any other document as prescribed under the IT Act to claim a lower / Nil withholding of tax. PAN is mandatory for shareholders providing Form 15G / 15H or any other document as mentioned above.

Annexure to Board's Report (Contd.)

For non-resident shareholders, taxes are required to be withheld in accordance with the provisions of Section 195 and other applicable sections of the IT Act, at the rates in force. The withholding tax shall be at the rate of 20%** (plus applicable surcharge and cess) or as notified by the GoI on the amount of dividend payable. However, as per Section 90 of the IT Act, non-resident shareholders have the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA), read with Multilateral Instrument (MLI) between India and the country of tax residence of the members, if they are more beneficial to them. For this purpose, i.e., to avail the benefits under the DTAA read with MLI, non-resident shareholders should provide the following:

- Copy of the PAN card allotted by the Indian Income Tax authorities duly attested by the shareholder(s) or details as prescribed under Rule 37BC of the Income-tax Rules, 1962.
- Copy of the Tax Residency Certificate for financial year 2025-26 obtained from the revenue or tax authorities of the country of tax residence, duly attested by shareholder(s).
- Electronic Form 10F as per Notification No. 03/2022 dated July 16, 2022 issued by the Central Board of Direct Taxes [Notification can be accessed at incometaxindia.gov.in]. Form 10F can be obtained electronically through the e-filing portal of the income tax website at www.incometax.gov.in/iec/foportal.
- Self-declaration by the shareholder(s) of having no permanent establishment in India in accordance with the applicable tax treaty.
- Self-declaration of beneficial ownership by the non-resident shareholder(s).
- Any other documents as prescribed under the IT Act for lower withholding of taxes, if applicable, duly attested by the shareholder(s).

The aforesaid documents / declarations / forms, etc. to be sent through e-mail to our RTA at einward.ris@kfintech.com with a copy marked to us at cosec@sasken.com.

CERTIFICATE ON COMPLIANCE WITH CORPORATE GOVERNANCE

To
The Members of
Sasken Technologies Limited ("The Company")

I have examined the compliance of conditions of Corporate Governance by the Company for the year ended March 31, 2025 as prescribed in Regulations 17 to 27, clauses (b) to (i) of Regulation 46(2) and paragraphs C, D and E of Schedule V of the Listing Regulations and paragraphs C and E of Discretionary requirements specified in Part E of Schedule II of the Listing Regulations.

The compliance of conditions of Corporate Governance is the responsibility of the management, and our examination was limited to procedures and implementation thereof adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In my opinion, and to the best of our information and according to the explanations given to me, I certify that the Company has complied with the conditions of Corporate Governance as stipulated in the aforesaid provisions of Listing Regulations.

I further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Sasken has formulated a comprehensive Stakeholder Management Policy to establish a structured framework for addressing concerns and grievances raised by both internal and external stakeholders.

Here, it is pertinent to note that some of our Company's policies are publicly available on our website, while others are exclusively accessible through our intranet system.

26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format:

Sasken's Materiality Assessment					
Material Identified	Issues	Classification into risk / opportunity	Rationale for identifying the risk / opportunity	Sasken's Initiatives and Strategies to mitigate or to adapt to the risks	Financial implications of the risk or opportunity (Indicate positive or negative implications)
Category: Environment					
1.	Energy Management	Opportunity	An IT company's environmental footprint includes energy consumption, waste generation, and carbon emissions. By implementing energy-efficient technologies, the company contributes to environmental conservation while demonstrating corporate responsibility. Prioritizing a low environmental footprint differentiates the company, attracting eco-conscious consumers and businesses, leading to increased brand loyalty and market share. At Sasken, this is seen as a strategic opportunity.	-	Positive: We are committed to clean energy expansion and environmental responsibility by integrating wind, solar, and i-REC certificates to reduce our carbon footprint. This supports ESG goals, regulatory compliance, and global climate targets while enhancing stakeholder trust and sustainability ratings. As a result, our Scope 2 GHG emissions are significantly reduced.
2.	Effective and Sustainable practices	Opportunity	At Sasken, operations and work culture emphasize a transition to renewable energy and proactive waste management. By adopting solar and wind energy, Sasken has significantly reduced carbon emissions and dependence on fossil fuels, fostering a sustainable energy future. Additionally, proactive waste management, including recycling and responsible disposal, minimizes environmental impact and supports the circular economy.	-	Positive: The financial impact is positive, as adopting renewable energy and proactive waste management lowers operational costs, ensures regulatory compliance, attracts eco-conscious customers, and enhances brand value driving long-term profitability and sustainability.

3.	Employee engagement, reputation and retention	Opportunity and Risk	<p>Opportunity:</p> <ul style="list-style-type: none"> Sasken fosters a meaningful work culture by providing career development opportunities and a supportive environment. This cultivates a talented, experienced workforce, strengthening brand loyalty and customer trust. <p>Risk:</p> <ul style="list-style-type: none"> Sasken prioritizes strategically navigating the impact of Work from Home (WFH) and Work from Office (WFO) cultures. A hybrid approach that balances their benefits while addressing challenges enhances employee retention and engagement. Ensuring a cohesive work culture requires addressing job role-based flexibility, open communication, and employee well-being. 	<p>Our approach includes:</p> <ul style="list-style-type: none"> Skill trainings. Promoting a positive work environment, periodic meetings - small group, functional, business update meetings where the state of affairs of the business is explained. Rewards and recognition. Team and Individual achiever of the quarter award, etc. <p>All the efforts help to promote the desired objectives to be achieved.</p>	<p>Positive:</p> <p>The financial implication is identified as positive because fostering employee engagement, diversity, and inclusion enhances productivity, reduces turnover costs, strengthens brand reputation, and attracts top talent.</p> <p>By effectively navigating hybrid work culture challenges, Sasken ensures employee satisfaction and retention, ultimately driving long-term organizational success and profitability.</p> <p>Negative:</p> <p>The financial implication is also identified as negative as poor employee engagement and retention can lead to high attrition costs, reduced productivity, and increased hiring expenses. A poorly managed work culture may lower morale, impact service quality, and create legal risks. Negative employer branding can also deter talent and affect stakeholder confidence, leading to financial setbacks.</p>
4.	Community Development and Relations	Opportunity	Sasken demonstrates its commitment to social responsibility through impactful community development efforts. By investing in sustainable growth and fostering positive societal change, the Company strengthens its role as a responsible corporate citizen. Striving to be among India's top sustainable organizations, Sasken's initiatives focus on Social Responsibility, Environmental Sustainability, and Economic Sustainability.	Sasken prioritizes Community Development and Relations, aligning with 7 out of 17 Sustainable Development Goals (SDGs), covering 41%. Its CSR initiatives support healthcare, education, women's empowerment, the environment, and other social causes.	<p>Positive:</p> <p>The financial impact is positive, as Sasken's commitment to community development and social responsibility enhances its reputation, strengthens stakeholder relationships, and aligns with global sustainability goals. These efforts drive long-term growth, attract socially conscious investors, and foster positive societal change, ensuring financial stability and success.</p>

5.	Cyber Vulnerability and Threats	Opportunity and Risk	<ul style="list-style-type: none"> Cybersecurity threats pose a significant risk to organizations due to their escalating frequency, sophistication, and potential impact. A successful cyber-attack can lead to the loss of sensitive data, financial repercussions, reputational damage, and legal consequences. As more organizations depend on digital technologies, the attack surface for cybercriminals expands, underscoring the importance of proactive measures to prevent, detect, and respond to cyber threats. Consequently, at Sasken, we have identified cybersecurity as a major risk and have prioritized initiatives to address and mitigate this threat. 	<ul style="list-style-type: none"> Implementing security policies and procedures that are enforced and regularly updated. Providing security awareness training to employees to educate them about cyber security best practices and how to identify and respond to security incidents. Deploying security technologies such as firewalls, intrusion detection and prevention systems, and antivirus / anti-malware software. Monitoring and logging all network activity to detect and respond to potential security incidents. Developing an incident response plan to ensure a timely and effective response to security incidents. Regularly reviewing and updating the cyber security program to ensure it remains effective and aligned with the organization's business objectives and changing threat landscape. 	<p>Positive:</p> <p>The financial impact is positive, as proactive cybersecurity measures prevent costly data breaches, legal issues, and reputational damage.</p> <p>By investing in robust security systems and regular training, Sasken minimizes risks, ensures business continuity, and safeguards valuable assets, strengthening financial stability and long-term profitability.</p> <p>Negative:</p> <p>Cyber threats are evolving with AI-driven attacks, ransomware, and zero-day vulnerabilities. Despite strong internal security, third-party vendors and cloud providers pose indirect risks. Human errors, such as phishing, weak credentials, and data leaks, remain key concerns.</p>
6.	Generative AI	Opportunity and Risk	Generative AI drives innovation by automating content creation, design, and coding, enabling new products and services. It boosts efficiency by handling repetitive tasks, allowing teams to focus on creativity. AI also personalizes user experiences and reduces costs while maintaining quality through proper training. However, adoption challenges include the need for specialized skills and adaptation to existing workflows.	Adopting generative AI at Sasken is challenging due to the high demand for expertise in machine learning, deep learning, and NLP. Effective implementation requires a strong data science foundation, necessitating training or new talent acquisition. AI models also demand significant computational resources. Integration with existing workflows is complex, requiring cross-team coordination and legacy system compatibility. Additionally, ethical concerns such as bias, privacy, and transparency must be carefully managed to ensure responsible AI deployment.	<p>Positive:</p> <p>Generative AI has positive financial implications, driving innovation, cost reduction, and efficiency by automating tasks. It enhances product development, personalization, and revenue opportunities while improving output quality. Despite initial adoption challenges, optimized operations and competitiveness can lead to significant long-term ROI.</p> <p>Negative:</p> <p>Generative AI poses financial and operational risks due to high recruitment, training, and implementation costs. Challenges include integration with legacy systems, computational demands, and ethical concerns like bias, data privacy, and transparency, which may lead to regulatory scrutiny and reputational risks.</p>

Governance, leadership and oversight

7.	Statement by Director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements.	<p>"At Sasken, sustainability is an evolving journey, and we are committed to doing much more than we have achieved so far. While we have made significant strides in environmental stewardship, social responsibility, and governance, we recognize that there is still much to accomplish, and we are accelerating our efforts.</p> <p>We have already reduced GHG emissions by 86% since 2018-19 and offset 100% of our power consumption with green energy. Yet, our ambitions go beyond this. We are actively exploring new technologies, increasing renewable energy adoption, and strengthening our path to carbon neutrality by 2030.</p> <p>Beyond environmental impact, we are expanding our social initiatives in education, healthcare, and economic empowerment, ensuring lasting change. Aligning with the UN Global Compact was just the beginning—we are embedding sustainability deeper into our business, strengthening partnerships, and driving inclusive growth.</p> <p>Governance remains at the core of our ESG efforts. We are enhancing transparency, strengthening responsible business practices across our value chain, and evolving our ESG reporting to reflect not just our progress but our unwavering commitment to improvement.</p> <p>At Sasken, we are not just meeting sustainability benchmarks—we are setting new ones. Our journey is ongoing, and our efforts will only intensify. Together, we will build a more sustainable, inclusive, and responsible future. Thank you for your support."</p> <p>- Rajiv C. As a software-centric Company, Sasken has limited direct Life Cycle Assessment (LCA) obligations but remains committed to sustainability through responsible resource management. The Company ensures efficient e-waste recycling, utilizing laptops and office chairs for three years before donating them to NGOs. End-of-life laptops are retrieved and recycled as per Sasken's e-waste management policy. Internally conducted LCAs help assess and mitigate environmental, social, and economic impacts, reinforcing Sasken's dedication to sustainable operations.

- If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along with action taken to mitigate the same:

Name of Product / Service	Description of the risk / concern	Action Taken
We perform Aspect and Impact assessments for our business operations to identify environmental risks and develop appropriate mitigation measures.	Sasken's key business risks include the depletion of natural resources like power and water, as well as pollution of air, land, and noise. These environmental impacts threatens ecosystems, human health, and wildlife, potentially disrupting local biodiversity and contributing to broader environmental challenges.	<p>To mitigate environmental risks related to resource depletion, power consumption, and pollution, Sasken has adopted several proactive measures:</p> <ul style="list-style-type: none"> • Energy Efficiency: Implements energy-saving designs and technologies to reduce power consumption. • Renewable Energy: Promotes solar and wind energy where feasible. • Water Conservation: Uses rainwater harvesting, recycling, and reduction strategies. • Waste Management: Encourages waste reduction, recycling, and responsible disposal. • Sustainable Sourcing: Partners with eco-conscious suppliers to minimize environmental impact. • Pollution Control: Monitors and reduces air, noise, and other emissions. • Emission Reduction: Implements technologies to lower emissions and waste. • Employee Awareness: Educates staff on sustainability and encourages eco-friendly practices. • Green Initiatives: Promotes paperless operations and the use of e-vehicles for commuting.

4. Focal point for addressing human rights:

Do you have a focal point (Individual / Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes / No)

Yes, Sasken has established multiple focal points to address human rights impacts to or issues caused to or contributed by the business. These mechanisms ensure that concerns are effectively identified, addressed, and resolved in a timely manner.

These includes:

- Business HR Primes (a HR Representative assigned for a set of employees based on their work group)
- Apart from the above, following are the other focal points;
 - o Internal Committee for Prevention of Sexual Harassment
 - o Disciplinary Committee
 - o KenGenie (an Intranet exclusively for employees to raise their concerns)
 - o KenPal (An Employee Assistance Program)
- Human Resources Department: Acts as the primary point of contact for employee-related human rights concerns, ensuring that workplace practices align with ethical and legal standards.
- Grievance Redressal Mechanisms: Dedicated platforms where employees, partners, or stakeholders can voice concerns related to human rights, ensuring confidentiality and unbiased resolution.
- Whistle Blower Mechanism: Company has established a policy wherein any stakeholder can report anonymously, any wrongdoing within Sasken relating to unlawful conduct or malpractice including discrimination, miscarriage of justice or breach of policies and processes.
- Incident Reporting Tool: Dedicated platform for employees to raise any incidents including violations, discipline, harassment, health and safety.
- Diversity, Equity and Inclusion (DEI): The Company firmly believes that every employee has equal rights to opportunities regardless of their background, characteristics, or identities. The policy is designed to promote positive and inclusive workplace culture where all employees feel respected and valued regardless of their race, ethnicity, gender, age, sexual orientation, disability, religion, or other characteristics. Hence any breach can be reported through any of the above mechanisms or DEI committee.
- Policy, Process and Code of Conduct: All policies, processes and the code of conduct of the company covers Sasken's commitment to protection of human rights, stating that it will not discriminate in favour of or unfavourably towards any gender, caste, creed or religion. Justice, fairness and tolerance will be the guiding principles governing every decision related to the policies and Processes. Hence any breach of policies and processes can be reported through any of the above mechanisms or policy owners.
- Sustainability and Compliance Teams: Monitor the organization's impact on human rights across operations, ensuring compliance with global standards and fostering a culture of accountability.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

Sasken has implemented strong internal mechanisms to address human rights-related grievances, fostering a safe, fair, and respectful workplace. Our enhanced Human Rights Policy upholds key principles, including equal opportunity, workplace diversity, a harassment-free environment, freedom of expression, and the prohibition of forced or child labour. Key elements of the grievance redressal mechanism includes:

- Human Rights Due Diligence:
A continuous process conducted through a combination of policies, procedures, training programs, and monitoring systems to uphold human rights standards.
- Disciplinary Actions for Policy Violations:
Employees found violating the Human Rights Policy are subject to disciplinary measures, up to and including termination, in line with the Company's disciplinary policy.
- Grievance Reporting Channels:
 - o Dedicated Email Address: Alleged acts of misconduct can be reported to discipline@sasken.com, where the matter is first reviewed by the HR representative in the Disciplinary Action Committee (DAC) or the HR Head.
 - o POSH Committees: For cases of sexual harassment, site-specific committees operate in compliance with regulatory requirements. Each Internal Committee follows a structured grievance redressal process tailored to local regulations.
 - o Whistleblower Policy: Employees can raise grievances anonymously, ensuring confidentiality and protecting whistleblowers from retaliation.
 - o Incident Reporting: Employees are encouraged to report any incidents of concern within the organization through a dedicated incident reporting system.

Complaints on POSH as a % of female employees	0.22%	0.22%
Complaints on POSH upheld	1	1

8. Mechanism to prevent adverse consequences to the complainant in discrimination and harassment cases.

Sasken has implemented a comprehensive mechanism to protect complainants from adverse consequences in cases of discrimination and harassment, fostering a safe and supportive workplace. Key measures includes:

- Zero-Tolerance Policy: Strict prohibition of harassment, discrimination, and human rights violations.
- Confidentiality Assurance: Complaints are handled discreetly, ensuring the complainant's identity is protected.
- Anti-Retaliation Safeguards: Clear guidelines prevent any form of reprisal or adverse treatment.
- Regular Awareness Campaigns: Continuous communication reinforces the Company's commitment to a respectful workplace.
- Mandatory Training: Annual in-person and e-learning modules on workplace conduct and harassment prevention, with mandatory employee participation.
- Fair Investigation Process: Dedicated committees conduct thorough and impartial investigations, implementing corrective actions when necessary.

9. Do human rights requirements form part of your business agreements and contracts? (Yes / No).

Yes,

Human rights requirements are an integral part of our business agreements and contracts. These provisions ensure that our partners and collaborators adhere to the same high standards of ethical and responsible conduct that we uphold.

Additionally, we actively encourage our stakeholders to adopt and implement these human rights requirements, fostering a shared commitment to promote fairness, equality, and respect across all business interactions.

11. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 10 above.

Following the assessments referenced in Question 10, no significant risks or concerns were identified, thus no corrective actions were deemed necessary. This outcome affirms the effectiveness of our current systems in proactively mitigating potential challenges, further reinforcing our commitment to maintaining robust risk management practices and a sustainable operational framework.

LEADERSHIP INDICATORS:

1. Details of a business process being modified / introduced as a result of addressing human rights grievances / complaints.

The revised Human Rights Policy includes updates on equal opportunity, non-discrimination, fair labor practices, anti-bribery and corruption, anti-competitive practices, social dialogue, collective bargaining, fraud, money laundering, conflict of interest, career development, due diligence, audits, legal compliance, grievance mechanisms, transparency, responsibilities, and work-life balance.

2. Details of the scope and coverage of any Human rights due diligence conducted.

Sasken was assessed by EcoVadis during September 2024 under EcoVadis' sustainability assessment framework which covers various dimensions like labour and human rights, environment, ethics, and sustainable procurement. The EcoVadis Human Rights assessment also evaluates an organization's commitment and performance in addressing human rights issues within its operations and supply chain.

Sasken Assessment was as follows:

- 1. Assessment Areas:
 - Policies: Reviews the Company's human rights policies, including adherence to international standards like the UN Guiding Principles on Business and Human Rights.
 - Actions: Evaluates measures taken to implement human rights due diligence, including risk assessments, grievance mechanisms, and training programs.
 - Results: Analyses outcomes such as transparency in reporting, remediation efforts, and monitoring processes.
- 2. Focus Areas:
 - Child labour and forced labour prevention.
 - Non-discrimination and diversity in the workplace.
 - Safe working conditions.
 - Freedom of association and collective bargaining rights.
 - Human rights risks in the supply chain.
- 3. Scoring & Reporting:
 - We receive a scorecard with ratings and areas for improvement.
 - Assessment identifies our strengths and gaps, offering actionable insights for better human rights practices.

Our Rating was 60 on a scale of 100 from the Assessment.

3. Is the premise / office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

Yes, the premise / office of our entity is fully accessible to differently abled visitors. We have implemented necessary infrastructure and facilities such as wheelchair, ramps, wide doorways, accessible parking spaces, and accessible restrooms to ensure that all visitors, regardless of their abilities, can navigate our premises comfortably and safely.

4. Details on assessment of value chain partners:

Category	% of value chain partners (by value of business done with such partners) that were assessed
Child labour	The supplier assessment was conducted digitally and was sent to 400 vendors, regardless of their size. We have already received responses from 108 vendors, including 100% of those classified under large purchases.
Forced / involuntary labour	
Sexual harassment	
Discrimination at workplace	
Wages	
Others	

5. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 4 above.

The assessments conducted on our value chain partners reaffirmed their alignment with our ethical and operational standards. As a result, no significant risks or concerns necessitating corrective actions were identified. Hence, not currently applicable to the Company.

PRINCIPLE 6: BUSINESSES SHOULD RESPECT AND MAKE EFFORTS TO PROTECT AND RESTORE THE ENVIRONMENT

ESSENTIAL INDICATORS:
1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

Sl. No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
1	Wheeling Energy	Sasken aims to ensure that 100% of the energy consumed in 2024-2025 is offset by Green Energy, primarily through wheeling energy purchases. This initiative is expected to contribute to significant reductions in carbon emissions and support sustainability goals. www.sasken.com/sustainability	100% of the Energy consumed by Sasken in 2024-2025 is offset by Green Energy (78% by means of wheeling energy purchase and 22% by means of i-REC certificates) There by offsetting 1919 tons of CO ₂ for the year 2024-25
2	Sewage treatment Plant	The campus is equipped with a wastewater treatment plant with a capacity of 60 KLD to ensure effective water management. It is expected to treat wastewater for reuse in secondary applications such as restroom flushing and gardening, contributing to sustainable water conservation practices. www.sasken.com/sustainability	To treat the wastewater in the campus we have a 60KLD water treatment plant in the campus Approximately 343 KL of water treated every month and are used for secondary purposes (Rest room flushing, gardening etc.)
3	Biogas	The campus aims to utilize food waste for biogas generation, which will be used for low-heat cooking. The remaining waste is expected to be safely disposed of to piggeries through an authorized vendor, ensuring responsible waste management practices. www.sasken.com/sustainability	20% Food Waste is used to generate BIO-Gas which in turn used for low heat cooking in the campus, remaining is disposed to piggeries in a safe manner with the help of authorised vendor.

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words / web link.

At Sasken, Business Continuity Planning (BCP) ensures operations remain unaffected during disruptions. Risks may be internal (financial, legal, operational) or external (supplier dependencies). The Disaster Recovery Plan (DRP) and BCP minimize business impact and enable rapid recovery. DRP focuses on crisis response, while BCP ensures swift operational resumption. Independent teams coordinate both plans, which are regularly tested through a defined BCP calendar. Critical business functions are assessed for disaster impact, and plans are updated accordingly. Regular testing ensures effectiveness, covering various scenarios, including worst-case total loss. The plans are documented, communicated, and continuously refined for resilience.

LIMITED ASSURANCE REPORT

To,
Board of Directors,
Sasken Technologies Limited
139/25, Ring Road, Domlur, Bengaluru - 560 071
Date: May 15, 2025

Limited Assurance Report regarding Business Responsibility and Sustainability Report prepared for the financial year April 1, 2024 to March 31, 2025.

In compliance with the Regulation 34(2)(f) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, **Sasken Technologies Limited** ("The Company") has prepared its Business Responsibility & Sustainability Report (BRSR) which shall form part of the Annual Report of the Company for the financial year 2024-25.

J Sundharesan & Associates ("JSA") was engaged by the Company to provide assistance in reporting and independent assurance on its policy evaluation and certain identified sustainability indicators (summarised in Annexure A) in the BRSR format.

RESPECTIVE RESPONSIBILITIES

The Report content and its presentation are the sole responsibilities of the management of the Company. The Company's management is also responsible for the design, implementation, and maintenance of internal controls relevant to the preparation of the Report, so that it is free from material misstatement.

JSA's responsibility, as agreed with the management of the Company, is to provide assistance and assurance on the Report content as described in the 'Scope of assurance and methodology' section below. We do not accept or assume any responsibility for any other purpose or to any other person or organisation. Any reliance a third party may place on the Report is entirely at its own risk.

ASSURANCE STANDARD

The assurance process was conducted in line with the requirements of National Guidelines on Responsible Business Conduct (NGRBC), and other applicable guidelines.

SCOPE OF ASSURANCE AND METHODOLOGY

The scope of assurance engagement was limited to review of Business Responsibility and Sustainability Report for the period April 1, 2024 to March 31, 2025. The sustainability disclosures covered in our review included:

1. Analysing the policy framework of the Company in context of BRSR;
2. Obtaining an understanding of the Identified Sustainability Information and related disclosures as established by the Company;
3. Obtaining an understanding of the assessment criteria as adopted by the Company and their suitability for the evaluation;
4. Make inquiries of Company's Management, including environment team, compliance team, human resource team amongst others and those with the responsibility for preparation of the Report.

We conducted review and verification of data collection, collation and calculation methodologies and general review of the logic of inclusion / omission of relevant information / data in the Report.

LIMITATION TO OUR ENGAGEMENT

JSA did not perform any assurance procedures on the prospective information, such as targets, expectations, and ambitions, disclosed in the Report. Consequently, JSA draws no conclusion on the prospective information. JSA expressly disclaims any liability or co-responsibility for any decision a person or entity would make based on this Assurance Statement.

OUR ASSURANCE TEAM AND INDEPENDENCE

JSA is a professional services firm providing corporate law advisory services for various fortune 500 Companies across India. Our assurance practitioners for this engagement are drawn from a dedicated Sustainability and ESG Team in the firm. This team mostly comprises of multidisciplinary professionals, with expertise across the domains of sustainability, global sustainability reporting standards and principles, and related assurance standards. As part of limited assurance engagement in accordance with the Standards, we exercise professional judgment and maintain professional skepticism throughout the engagement.

Annexure to Board's Report (Contd.)

OUR OBSERVATIONS

The sustainability disclosures of the Company as defined under the scope of assurance are reliable. The Company has applied considerable efforts to ensure consistency of data for this Report. However, the Company may continue to improve robustness of its data collection and collation process.

EXCLUSIONS

Our limited assurance scope excludes the following and therefore we do not express a conclusion on the same:

- Testing the operating effectiveness of management systems and controls;
- Performing any procedures over other information / operations of the Company / aspects of the report and data (qualitative or quantitative) included in the BRSR not agreed under this letter / scope of Assurance.
- The statements that describe expression of opinion, belief, aspiration, expectation, aim or future intentions provided by the Company and testing or assessing any forward-looking assertions and/or data.

RESTRICTION ON USE

Our Limited Assurance report has been prepared and addressed to the Board of Directors of the Company at the request of the Company solely, to assist the Company in reporting on Company's sustainability performance and activities. Accordingly, we accept no liability to anyone, other than the Company. Our Limited Assurance report should not be used for any other purpose or by any person other than the addressees of our report. We neither accept nor assume any duty of care or liability for any other purpose or to any other party to whom our report is shown or into whose hands it may come without our prior consent in writing.

Independent Auditor's Report

To the Members of Sasken Technologies Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of Sasken Technologies Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss, including Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the Standalone Financial Statements, including material accounting policy information and other explanatory information (hereinafter referred to as the "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements for the year ended March 31, 2025. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No	Key Audit Matters	How the Key Audit Matters was addressed in our audit
1	<p>Revenue Recognition from Fixed Price Contracts (Refer Note 3(c) to the Standalone Financial Statements)</p> <p>Revenue from fixed price contracts is recognized using percentage of completion method ("POC") as per the input method prescribed under Ind AS 115 - Revenue from contracts with customers ("Ind AS 115") where performance obligations are satisfied over time. The POC method involves computation of actual cost incurred till date and estimation of total future cost to be incurred towards remaining performance obligations over the life of the project, which involves following factors requiring significant auditor attention:</p> <p>i. There is an inherent estimation uncertainty relating to determination of the progress of each contract, cost incurred till date and future cost to complete the remaining performance obligation on the contract, given the customized nature of the contracts.</p>	<p>Our audit procedures related to estimation of total cost to complete the contract for fixed price contracts included but not limited to following:</p> <p>i. Obtained an understanding of the systems, processes and controls implemented by management for recording and computing revenue and associated contract assets and contract liabilities.</p> <p>ii. Verified the design, implementation and operating effectiveness of the internal financial controls implemented by the Company with respect to estimation of future cost to completion, estimation of provision for onerous contract, measurement of contract assets, contract liabilities, total contract revenue on its completion, approval and recording of revenue on a test check basis.</p> <p>iii. Internal Information Technology ('IT') specialists were involved to verify the design and operating effectiveness of key application controls relating to revenue recognition which, included testing of automated controls, system generated reports and system reconciliations.</p>

Independent Auditor's Report (Contd.)

Sr. No	Key Audit Matters	How the Key Audit Matters was addressed in our audit
	<p>ii. The estimation of total cost to complete the contract involves significant judgement throughout the period of contract and is subject to revision as the contract progresses based on latest available information and also involves critical estimates to make provision for onerous contract.</p> <p>iii. At year end a significant amount of contract assets and contract liabilities related to each contract is to be identified which involve significant judgement and estimation. In view of above, the above matter has been identified as a key audit matter.</p>	<p>iv. We performed below substantive audit procedures on a test check basis for fixed price contract:-</p> <ol style="list-style-type: none"> Verified the contractual terms to identify the performance obligation and assessed the basis of revenue recognition in accordance with Ind AS 115; Compared the status of delivery of the milestones and customer acceptances with the agreed timelines as per the contract to identify possible delays in achieving the milestones which require changes in estimated cost to complete the contract; Performed inquiries with delivery / project managers to corroborate the status of contracts; Carried out a retrospective assessment of costs incurred with estimated costs to identify any significant variation and verified whether those variations have been considered in estimating the remaining costs to complete the contract; Verified that the revenue in foreign currency is recognised applying the spot exchange rate between the functional currency and the foreign currency at the date of the transaction; Verified the mathematical accuracy of the calculation of revenue using the ratio of actual costs incurred to estimated costs; Verified the accuracy of the actual cost incurred in respect of fixed price contracts; Assessed the appropriateness of contract assets on Balance Sheet date by evaluating the underlying documentation to identify possible changes in estimated costs to complete the remaining performance obligations; and Inspected underlying documents to determine reasonableness of contract costs. <p>v. On the basis of above procedures, verified that adequate provision has been accounted for in respect of onerous contracts.</p> <p>vi. Verified that the adequate disclosure has been made in respect of revenue from contracts with customers, contract assets and contract liabilities in compliance with the requirements of Ind AS 115 - 'Revenue from contracts with customer'.</p>
2	<p>Evaluation of uncertain tax positions (Direct Tax and Indirect Tax)</p> <p>Refer Note 33 to the Standalone Financial Statements</p> <p>The Company has ongoing litigations with respect to Direct tax and Indirect tax at various levels. There are significant matters of interpretation in terms of application of tax laws and rules to determine current and deferred taxes. The Company's tax positions are challenged by the tax authorities on a range of tax matters including indirect tax matters.</p>	<p>Our audit procedures related to evaluation of uncertain tax positions included but not limited to following:</p> <ol style="list-style-type: none"> Obtained a detailed understanding of the management's process for determining statutory liabilities, provisions and contingent liabilities pertaining to tax claims and disputes. Verified the design, implementation, and operating effectiveness of key internal financial controls over review and approval of accounting of uncertain tax positions and related disclosures in the Standalone Financial Statements.

Independent Auditor's Report (Contd.)

Sr. No	Key Audit Matters	How the Key Audit Matters was addressed in our audit
	<p>This requires the Management to make significant judgements and evaluations of the outcome of uncertain tax positions that are currently in litigation before various tax authorities and thus it may significantly impact the recognition of liabilities and contingent liability related disclosure as per requirements of 'Ind AS 37 - Provisions, Contingent Liabilities, and Contingent Assets'.</p> <p>In view of the above and significance of the matter, this has been identified as a key audit matter.</p>	<p>iii. Obtained the details and understood the nature of tax positions and litigations pending against the Company by reading the minutes of various meetings and discussing the developments during the year for litigations with Chief Risk Officer and with other Senior Management personnel.</p> <p>iv. Obtained management's evaluation on outcome of these matters, where applicable.</p> <p>v. Read the orders received by the Company from the tax authorities.</p> <p>vi. We along with our internal tax experts:</p> <ol style="list-style-type: none"> read and analysed key correspondences and relevant legal precedence and other rulings on test check basis; evaluated the Company's key underlying assumptions in estimating the tax provisions; assessed the Company's estimate of the possible outcome of the disputed cases; <p>vii. Assessed whether the Company's disclosures in Note 33 to the Standalone Financial Statements - contingent liabilities and commitments, adequately disclose the relevant facts and circumstances of the Company in compliance with Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets and Ind AS 12 Income Tax.</p>

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Company's annual report but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

Independent Auditor's Report (Contd.)

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Standalone Financial Statements.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for the matters stated in the paragraph g(vi) below on reporting under Rule 11(g).
 - (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements - Refer Note 33 to the Standalone Financial Statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv.
 - a. The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - b. The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - c. Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management in this regard nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (a) and (b) above, contain any material mis-statement.
 - v. On the basis of our verification, we report that:
 - a. The interim dividend declared and paid by the Company during the year and until the date of this audit report is in accordance with Section 123 of the Companies Act 2013.
 - b. The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with Section 123 of the Companies Act 2013 to the extent it applies to payment of dividend.

Independent Auditor's Report (Contd.)

- c. The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend. (Refer Note 15 to the Standalone Financial Statements)
- vi. Based on our examination, the Company has used an accounting software, for maintaining its books of account during the year ended March 31, 2025, which has a feature of recording audit trail (edit log) facility, except that no audit trail feature was enabled at the database level for certain part of the year in respect of the said software to log any direct data changes. Further, the audit trail facility has been operated throughout the year for all relevant transactions recorded in the accounting software, except for the said software at the database level as stated above, in respect of which the audit trail facility has not operated throughout the year for all relevant transactions recorded in this accounting software as it was enabled only for certain part of the year. Further, during our examination, we did not come across any instance of the audit trail feature being tampered with, post enablement of the audit trail facility.

Additionally, the audit trail of prior year has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded in previous year.
- (h) The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph (b) above on reporting under Section 143(3)(b) and paragraph g (vi) above on reporting under Rule 11(g).
- 3. In our opinion, according to information, explanations given to us, the remuneration paid by the Company to its directors is within the limits laid prescribed under Section 197 read with Schedule V of the Act and the rules thereunder.

Annexure A to the Independent Auditor's Report

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SASKEN TECHNOLOGIES LIMITED

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.
- Conclude on the appropriateness of management and Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements for the year ended March 31, 2025 and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure C to the Independent Auditor's Report

ANNEXURE C TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SASKEN TECHNOLOGIES LIMITED

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Sasken Technologies Limited on the Financial Statements for the year ended March 31, 2025]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Standalone Financial Statements of Sasken Technologies Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2025, based on the internal control with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI').

Management's and Board of Director's Responsibility for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls With reference to Standalone Financial Statements

A company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls With reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to the Standalone Financial Statements

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

1. Company overview

Sasken Technologies Limited ("Sasken" or "the Company") is a specialist in Product Engineering and Digital Transformation providing concept-to-market, chip-to-cognition R&D services to global leaders in Semiconductor, Automotive, Industrials, Smart Devices & Wearables, Enterprise Grade Devices, SatCom and Transportation industries. For over 30 years and with multiple patents, Sasken has transformed the businesses of over a 100 Fortune 500 companies, powering over a billion devices through its services and IP.

Established in 1989, Sasken employs around 1,700 people, operating from state-of-the-art centers and offices in Bengaluru, Pune, Chennai, Hyderabad and Kolkata (India), Kaustinen, Tampere and Vantaa (Finland). Sasken also has its presence across Germany, Singapore, Japan and USA. Sasken has been listed in the National Stock Exchange of India Limited and BSE Limited since its initial public offering in 2005.

2. Basis of preparation

A. Basis of preparation

These standalone financial statements have been prepared in accordance with Indian Accounting Standards prescribed under Section 133 of the Companies Act, 2013, (the 'Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act (Ind AS).

Accounting policies have been applied consistently to all periods presented in these financial statements, except for the adoption of new accounting standards and amendments to the existing accounting standards, effective as of April 1, 2024.

The financial statements correspond to the classification provisions contained in Ind AS 1, "Presentation of Financial Statements". For clarity, various items are aggregated in the Statements of Profit and Loss and Balance Sheet. These items are disaggregated separately in the Notes to the standalone financial statements, where applicable.

These standalone financial statements are presented in Indian Rupees (₹), which is also the Company's functional currency. All amounts included in these financial statements are reported in INR (₹ in lakhs), except share and per share data, unless otherwise stated.

The financial statements have been approved for issue by the Company's Board of Directors on April 25, 2025.

B. Basis of measurement

These standalone financial statements have been prepared on the historical cost convention and on an accrual basis of accounting, except for the following material items which have been measured at fair value as required by relevant Ind AS:

Items	Measurement basis
Derivative financial instruments	Fair value
Investments classified as fair value through profit or loss and OCI	Fair value
Net defined benefit (asset) / liability	Fair value of plan assets less present value of defined benefit obligations
Share based payment options	Fair value

C. Use of estimates and judgments

In preparing these standalone financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

Assumptions and estimation uncertainties

Information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have a significant effect on the amounts recognized in the standalone financial statements are included in the following notes:

a) Revenue recognition:

The Company uses the percentage of completion i.e. input (cost expended) method to measure progress towards completion in respect of fixed price contracts. Percentage of completion method accounting relies on estimates of total expected contract revenue and costs. This method is followed when reasonably dependable estimates of the revenues and costs applicable to various elements of the contract can be made. Key factors that are reviewed in estimating the future costs to complete include estimates of future labor costs and productivity efficiencies. Because

Notes to the Standalone Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

the financial reporting of these contracts depends on estimates that are assessed continually during the term of these contracts, recognized revenue and profit are subject to revisions as the contract progresses to completion. When estimates indicate that a loss will be incurred, the loss is provided for in the period in which the loss becomes probable.

b) Impairment testing (non-financial assets):

Investments in subsidiaries and intangible assets are tested for impairment at least annually and when events occur or changes in circumstances indicate that the recoverable amount of the asset or cash generating units to which these pertain is less than its carrying value. The recoverable amount of cash generating units is higher of value-in-use and fair value less costs to sell. The calculation of value in use of a cash generating unit involves use of significant estimates and assumptions which includes growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, future economic and market conditions.

c) Income taxes:

Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods.

d) Deferred taxes:

Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry forwards become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of the deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry-forward period are reduced.

e) Defined benefit plans and compensated absences:

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on remeasurement valuation using the projected unit credit method. A remeasurement valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and fair value of plan assets. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

f) Expected credit losses on financial assets:

The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period.

g) Other estimates:

Fair valuation of derivative hedging instruments designated as cash flow hedges involves significant estimates relating to the occurrence of the highly probable cash flow forecast transaction.

D. Measurement of fair values:

Some of the Company's accounting policies and disclosures require measurement of fair values, for both financial and non-financial assets and liabilities.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); or

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair

Notes to the Standalone Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

3. Summary of material accounting policies

(a) Property, plant and equipment (including intangible assets)

i. Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation / amortization and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

The cost of property, plant and equipment not available for use as at each reporting date is disclosed under capital work-in-progress.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in Statement of Profit or Loss.

ii. Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the incremental future economic benefits associated with the expenditure will flow to the Company.

iii. Depreciation and amortization

Based on an independent assessment, Management has estimated the useful lives of the following classes of assets, which are lower than or equal to those indicated in Schedule II of the Act. Management believes this best represents the period over which they expect to use these assets. Depreciation is provided using the straight line method (SLM), over the estimated useful life of the asset, as follows:

Assets block	Estimated useful life	Useful life as per Schedule II
Buildings	20	60
Computers	3	3
Electrical fittings	5	10
Furniture and fixtures	10	10
Office equipment	5	5
Vehicles	5	8
Plant and equipment	5	15

Leasehold improvements are amortized over the shorter of estimated useful life of the assets or the related lease term. Freehold land is not depreciated.

Assets with unit value of ₹ 5,000 or less are depreciated entirely in the year of acquisition.

Intangible assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

Asset block	Estimated useful life
Computer software	3-5 years

Notes to the Standalone Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

The cost of property, plant and equipment not available for use before such date are disclosed under capital work-in-progress.

(b) Leases

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company measures the lease liability at the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company measures the right-of-use asset at an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognized in the balance sheet immediately before the date of initial application. The right-of-use assets is depreciated using the straight-line method from the date of initial application over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognized in the Statement of Profit and Loss.

The Company has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

(c) Revenue

The Company derives revenues from rendering software services, installation and commissioning services and maintenance services.

Revenue is recognized upon transfer of control of promised services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those services.

i. Time and Material contracts

Revenue and costs relating to time and material contracts are recognized as and when the services are rendered.

ii. Fixed-price contracts

Revenue from fixed price service contracts and customized technology developments is recognized based on the percentage of completion method (POC) of accounting with contract cost incurred determining the degree of completion of the performance obligation. Revenue from maintenance contracts is recognized ratably over the term of the maintenance arrangement.

The solutions offered by the Company may include supply of third-party software. In such cases, revenue for supply of such third party software are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognizes revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

iii. Others

Revenue from royalty is recognized when the later of the following events occurs;

- a) the subsequent sale or usage occurs; or
- b) the performance obligation to which some or all of the sales-based or usage-based royalty has been allocated and satisfied (or partially satisfied).

Notes to the Standalone Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract assets are recognized when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Deferred revenue ("contract liability") is recognized when there is billings in excess of revenues. Advances received for services are reported as liabilities until all conditions for revenue recognition are met.

Interest income is recognized as it accrues in the Statement of Profit and Loss using effective interest rate method. Dividend income is recognized when the right to receive the dividend is established.

In accordance with Ind AS 37, the Company recognizes an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by geography and nature of services.

Use of significant judgements in revenue recognition:

The Company's contracts with customers include promises to transfer services to a customer. The Company assesses the services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

The Company uses judgement to determine an appropriate standalone selling price for a performance obligation. The Company allocates the transaction price to each performance obligation on the basis of the relative stand-alone selling price of each distinct service promised in the contract.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

(d) Foreign currency

(i) Foreign currency transactions

Initial recognition

Transactions in foreign currency are translated into the reporting currency by applying to the foreign currency amount, the exchange rate prevailing on the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from translation at the exchange rates prevailing at the reporting date, of monetary assets and liabilities denominated in foreign currencies are recognized in the Statement of Profit and Loss and reported within foreign exchange gains/ (losses), net within results of operating activities, except when deferred in other comprehensive income as qualifying cash flow hedges.

Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate on the date of the transaction.

(ii) Foreign operations

The assets and liabilities of foreign operations are translated into INR, the functional currency of the Company, at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into INR at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Notes to the Standalone Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

(e) Financial instruments

i. Recognition and initial measurement

Trade receivables are initially recognized when they are originated. All other financial assets and financial liabilities are initially recognized when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss, transaction costs that are directly attributable to its acquisition or issue.

ii. Classification and subsequent measurement

Financial assets:

On initial recognition, a financial asset is classified as measured at amortized cost or fair value through profit and loss (FVTPL) or fair value through other comprehensive income (FVTOCI).

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income:

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

All financial assets not classified as measured at amortized cost or FVTOCI are measured at FVTPL. This includes all derivative financial assets.

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in Statement of Profit or Loss.
Financial assets at FVTOCI	These assets are subsequently measured at fair value. Net gains and losses, are recognized in Other Comprehensive Income.
Financial assets at amortized cost	These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses, if any. Interest income, foreign exchange gains and losses and impairment are recognized in profit or loss. Any gain or loss on derecognition is recognized in Statement of Profit or Loss.

Financial liabilities:

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in the Statement of Profit and Loss. Any gain or loss on derecognition is also recognized in Statement of Profit and Loss.

iii. Derecognition

Financial assets:

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

Financial liabilities:

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expired.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in Statement of Profit and Loss.

Notes to the Standalone Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

iv. Derivative financial instruments and hedge accounting

The Company is exposed to foreign exchange risk from monetary assets, liabilities and forecasted cash flows denominated in foreign currencies. The Company limits the effect of foreign exchange rate fluctuations by following established risk management policies including the use of derivatives. The Company enters into derivative financial instruments where the counterparty is a bank.

Subsequent to initial recognition, derivative financial instruments are measured as described below:

Cash flow hedges

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in OCI and accumulated in other equity under cash flow hedging reserve. The effective portion of changes in the fair value of the derivative that is recognized in OCI is limited to the cumulative change in fair value of the hedged item, determined on a present value basis, from inception of the hedge. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in Statement of Profit and Loss.

If a hedge no longer meets the criteria for hedge accounting or the hedging instrument is sold, expires, is terminated or is exercised, then hedge accounting is discontinued prospectively. When hedge accounting for cash flow hedges is discontinued, the amount that has been accumulated in other equity remains there until, for a hedge of a transaction resulting in recognition of a non-financial item, it is included in the non-financial item's cost on its initial recognition or, for other cash flow hedges, it is reclassified to Statement of Profit and Loss in the same period or periods as the hedged expected future cash flows affect profit or loss.

If the hedged future cash flows are no longer expected to occur, then the amounts that have been accumulated in other equity are immediately reclassified to Statement of profit and loss.

(f) Impairment

i. Impairment of financial assets

The Company recognizes loss allowances for expected credit losses on financial assets measured at amortized cost.

At each reporting date, the Company assesses whether financial assets carried at amortized cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being past due for 180 days or more;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise
- it is probable that the borrower will enter bankruptcy or other financial reorganization: or
- the disappearance of an active market for a security because of financial difficulties

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible defaults over the expected life of a financial instrument.

ii. Impairment of non-financial assets

The Company's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent on the cash inflows of other assets or CGUs.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. The recoverable amount of an asset or cash generating unit is the higher of its fair value less cost of disposal (FVLCD) and its value-in-use (VIU). The VIU of long-lived assets is calculated using projected future cash flows. FVLCD of a CGU is computed using turnover and earnings multiples. Impairment losses are recognized in the Statement of Profit and Loss. Impairment loss recognized in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

Notes to the Standalone Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

If at the reporting date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the impairment losses previously recognized are reversed such that the asset is recognized at its recoverable amount but not exceeding written down value which would have been reported if the impairment losses had not been recognized initially.

iii. Investment in subsidiaries

Investment in subsidiaries is initially recognized at cost and subsequently at cost less impairment if any

The Company assesses at each reporting date whether there is any indication that such investments may be impaired. If any such indication exists, the Company estimates the recoverable amount of the investment. The recoverable amount of CGU is higher of VIU and fair value less costs to sell. The calculation of value in use of a CGU involves use of significant estimates and assumptions which includes growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, future economic and market conditions. An impairment loss is recognised in the Statement of Profit and Loss to the extent the carrying amount exceeds the recoverable amount. An assessment is also made at each reporting date to determine whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the Company estimates the asset's recoverable amount and reverses the impairment loss to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined (net of depreciation or amortisation) had no impairment loss been recognised previously

(g) Equity

i. Share capital

The authorized share capital of the Company as on March 31, 2025 is ₹ 5,500 lakhs i.e. 550 lakh equity shares of ₹ 10 each, par value of the equity shares is recorded as share capital. Notes to the Standalone Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

a) Cash flow hedging reserve

Changes in fair value of derivative hedging instruments designated and effective as a cash flow hedge are recognized in other comprehensive income (net of taxes), and presented within equity as cash flow hedging reserve.

b) Remeasurement gains / losses

Remeasurement gains / losses on defined benefit plans are recognized in Other Comprehensive Income (net of taxes) and presented in within equity.

c) Fair valuation of financial instruments

Changes in fair value of financial instruments(investment) designated through other comprehensive income recognized in Other Comprehensive Income (net of taxes) and presented within equity.

(h) Employee benefits

i) Post-employment and pension plans

The Company's employees participate in various employee benefit plans. Pensions and other post-employment benefits are classified as either defined contribution plans or defined benefit plans. Under a defined contribution plan, the Company's only obligation is to pay a fixed amount with no obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits. The related remeasurement and investment risks fall on the employee. The expenditure for defined contribution plans is recognized as an expense during the period when the employee renders service. Under a defined benefit plan, it is the Company's obligation to provide agreed benefits to the employees. The related remeasurement and investment risks fall on the Company. The present value of the defined benefit obligations is calculated by an independent actuary using the projected unit credit method.

All remeasurement gains or losses are immediately recognized in OCI, net of taxes and permanently excluded from Statement of Profit and Loss. Further, the profit or loss will not include an expected return on plan assets. Instead net interest recognized in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognized as part of remeasurement of net defined liability or asset through OCI, net of taxes. The Company has the following employee benefit plans:

i. Gratuity

The Company provides for gratuity, a defined benefit plan covering all eligible employees. The plan provides a lump sum payment to eligible employees at retirement or on termination of employment based on the salary of the respective employee and the years of employment with the Company.

The Company contributes to gratuity funds maintained by third parties, such as insurance companies and mutual funds. The amount of contribution is determined based upon remeasurement valuations as at the period end using the projected unit credit method. Provision is made for the shortfall between the remeasurement valuation carried out as at balance sheet date as per projected unit credit method and the fair value of the plan assets with the third parties, such as insurance companies and mutual funds.

Remeasurements of the net defined benefit liability, which comprise remeasurement gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized in OCI, net of taxes. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognized in profit or loss.

ii. Provident fund

Employees in India are eligible to receive provident fund benefits through a defined benefit plan in which the employees and the employer make monthly contributions to the plan. A portion of the contribution is made to the approved provident fund trust managed by the Company while the remainder of the contribution is made to the Government administered pension fund. The Provident Fund Trust guarantees a specified rate of return on such contributions. The contributions made to the trust managed by the Company is accounted for as a defined benefit plan as the Company is liable for any shortfall in the Trust's assets based on the Government specified rate of return. The contributions made to the Government administered Pension Fund is accounted for as a defined contribution plan as the Company has no obligation other than to make such contributions.

Notes to the Standalone Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

iii. Pension

In case of Germany branch, pension contributions are made as per the local laws and regulations. The Company provides for these pension benefits, a defined benefit plan, covering all eligible employees. The plan provides for various pension benefits to eligible employees at retirement or on termination of employment based on earnings of the respective employee and the years of employment with the Company. The Company contributes to a reinsured support fund maintained by an external agency. The contributions made by the employer are charged to the Statement of Profit and Loss on accrual basis. Provision is made for the shortfall between the remeasurement valuation carried out as at the year end are based on the projected unit credit method and the plan assets.

For other overseas branches, social security contributions are made as per the respective local laws and regulations. The same is charged to the statement of profit and loss on an accrual basis. There are no obligations beyond the respective entity's contributions.

Remeasurements of the net defined benefit liability, which comprise remeasurement gains and losses are recognized in OCI.

II) Superannuation

The Company contributes to a superannuation scheme, a defined contribution plan maintained by an insurance company. Such contributions are charged to the statement of profit and loss on an accrual basis. The Company has no other obligations beyond its monthly contributions.

III) Short - term employee benefits

Employee benefits payable wholly within twelve months of receiving employee services are classified as short term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognized as an expense as the related service is rendered by employees.

IV) Compensated absences

The Company's employees are entitled to compensated absences. The employees can carry forward a portion of the unutilized accumulating compensated absences and utilize it in future periods or receive cash at retirement or termination of employment. The Company records an obligation for compensated absences in the period in which the employee renders the services that increases this entitlement. The Company measures the expected cost of compensated absences as the additional amount that the Company expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The Company recognizes accumulated compensated absences based on remeasurement valuation using the projected unit credit method. Non-accumulating compensated absences are recognized in the period in which the absences occur.

Accumulated leaves, which are expected to be utilized within the next twelve months and not eligible to be carried forward to future years, is treated as short term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. These amounts are charged to the statement of profit and loss.

(i) Income taxes

Income tax comprises current and deferred tax. It is recognized in Statement of Profit and Loss, except to the extent that it relates to a business combination or to an item recognized directly in equity or in OCI.

i. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date and applicable for the period. Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realize the asset and settle the liability on a net basis or to realize the asset and settle the liability simultaneously.

ii. Deferred tax

Deferred tax is recognized using the Balance Sheet approach in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognized in respect of carried forward tax losses and tax credits. Deferred tax is not recognized for:

- Temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;

Notes to the Standalone Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

- Temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- Taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which they can be used.

Deferred tax assets, whether unrecognized or recognized, are reviewed at each reporting date and are recognized/reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realized.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

(j) Earnings per share

Basic earnings per share is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average numbers of equity shares outstanding during the year is adjusted for events of bonus issue; bonus element in a rights issue to existing shareholders; share split; and reverse share split (consolidation of shares) and buy back of shares. Shares bought back are considered to have been bought back at the beginning of the year, irrespective of the date of buy back.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares, except where the results are anti-dilutive.

(k) Provisions and contingencies

A provision is recognized when the Company has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Provisions for onerous contracts, i.e. contracts where the expected unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognized when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event, based on a best estimate of such obligation.

Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. A contingent asset is neither recognized nor disclosed in the financial statements.

(l) Warranty

Provision for warranty related costs are recognized when the license is provided or service provided. Provision is based on historical experience. The estimate of such warranty related costs is revised periodically.

(m) Cash and cash equivalents

Cash and cash equivalents in the cash flow statement comprise of cash at bank and in hand and short term investments with an original maturity value of three months or less. The cash flow statement is prepared under the indirect method.

(n) Stock compensation expense

Measurement and disclosure of the employee share-based payment plans is done in accordance with Ind AS 102 share based payments. The Company accounts for stock compensation expense based on the fair value of the options granted, determined on the date of grant. Compensation expense is amortized over the vesting period of the option on a straight-line basis. The accounting value of the options outstanding net of the deferred compensation expense is reflected as employee stock options outstanding.

Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

(c) Rights, preferences and restrictions attached to equity shares:

The Company has only one class of equity shares having a par value of ₹ 10 per share. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The holders of equity shares are entitled to receive dividend as declared from time to time. The dividend if any proposed by the Board of Directors is subject to shareholders' approval at the ensuing Annual General Meeting. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up capital of the Company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid.

Failure to pay any amount called up on shares may lead to forfeiture of the shares. On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company, remaining after distribution of all preferential amounts in proportion to the number of equity shares held.

(h) Restricted Stock Units (RSUs):

The Sasken Employees' Share Based Incentive Plan 2016 (Plan) was duly approved and instituted in December, 2016. The Plan authorizes the Board of Directors of the Company to offer share based incentive to eligible employees of the Company and its subsidiaries. The maximum number of shares to be granted under the Plan will be in accordance with SEBI (Employee Share Based Payments and Sweat Equity) Regulations, 2021 and other applicable regulations.

The above grants have been made to identified employees of the Company on January 13, 2022; May 26, 2022; October 19, 2022; November 4, 2022; April 3, 2023 and October 13, 2023. These shall vest as per the vesting schedule of 2 years as approved by the Committee and can be exercised over the exercise period of 3 years as approved by them.

During the year ended March 31 2025, No new RSUs were granted, 23,550 RSUs lapsed due to non-meeting of vesting conditions, totally 54,740 RSUs vested, out of which 43,640 RSUs were exercised during the year. The employee share based compensation cost of ₹ 380.26 lakhs charged to the profit or loss (for the year ended March 31, 2024: ₹ 533.57 lakhs).

The Company has used the Black-Scholes Option Pricing Model to determine the fair value of the RSUs based on which the compensation cost for the current year has been computed.

Particulars	As at March 31, 2025	As at March 31, 2024
RSUs outstanding at the beginning of the year	1,56,830	1,76,570
Number of RSUs granted during the year	-	1,26,870
RSUs forfeited during the year	(23,550)	(1,19,540)
Shares allotted during the year	(43,640)	(27,070)
Shares vested during the year	26,320	55,490
Total number of shares to be allotted on exercise of equity	89,640	1,56,830
RSUs outstanding at the end of the year	89,640	1,56,830
RSUs exercisable at the end of the year	11,100	28,420
Exercise prices of RSUs	₹ 10	₹ 10

The fair value has been calculated using the Black Scholes Option Pricing Model. The Assumptions used in the model on a weighted average basis at the time of grant are as follows :

Particulars	As at March 31, 2025	As at March 31, 2024
1. Weighted average risk free interest rate	7.14%	7.14%

Other than these, the change in deferred tax assets and liabilities is recorded in the Statement of Profit and Loss.

In assessing the realizability of deferred tax assets, the Company considers the extent to which it is probable that the deferred tax asset will be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carryforwards become deductible. The Company considers the expected reversal of deferred tax liabilities, projected future taxable income and tax planning strategies in making this assessment. Based on this, the Company believes that it is probable that the Company will realize the benefits of these deductible differences. The amount of deferred tax asset considered realizable, however, could be reduced in the near term if the estimates of future taxable income during the carry-forward period are reduced.

The Company has provided for income taxes at the rates provided in Section 115BAA of the Income Tax Act, 1961 for the year ended March 31, 2025.

26. Earnings per share (EPS)

Basic EPS is calculated by dividing the profit for the year attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the year. (Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

The remaining performance obligation disclosure provides the aggregate amount of the transaction price yet to be recognized as at the end of the reporting period and an explanation as to when the Company expects to recognize these amounts in revenue. Applying the practical expedient as given in Ind AS 115, the Company has not disclosed the remaining performance obligation related disclosures for contracts where the revenue recognized corresponds directly with the value to the customer of the entity's performance completed to date, typically those contracts where invoicing is on time-and-material. Remaining performance obligation estimates are subject to change and are affected by several factors, including terminations, changes in the scope of contracts, periodic revalidations, adjustment for revenue that has not materialized and adjustments for currency fluctuations.

The aggregate value of performance obligations that are completely or partially unsatisfied out of the purchase orders received, other than those meeting the exclusion criteria mentioned above, is ₹ 244.17 lakhs as at March 31, 2025 (₹ 723.91 lakhs as at March 31, 2024). (v) Actuarial assumptions - defined benefit obligations

The following were the principal actuarial assumptions at the reporting date (expressed as weighted averages):

Particulars	As at March 31, 2025	As at March 31, 2024
Discount rate	6.59%	7.17%
Expected return on plan assets	6.59%	7.17%
Salary escalation rate	10.00%	10.00%
Attrition rate	20.00%	20.00%

The discount rate is based on the prevailing market yields of Indian government securities for the estimated term of the obligations. The expected return on plan assets is based on expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligations. The estimates of future salary escalations considered takes into account the inflation, seniority, promotion and other relevant factors. Attrition rate considered is the management's estimate, based on previous years' employee turnover of the Company.

As at March 31, 2025 and March 31, 2024, plan assets were primarily invested in insurer managed funds.

Notes to the Standalone Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

(vi) Sensitivity analysis:

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

Particulars	As at March 31, 2025	As at March 31, 2024
Discount rate (1% movement)	(141.81)	(114.33)
Discount rate (-1% movement)	154.99	124.90
Future salary growth (1% movement)	145.84	122.77
Future salary growth (-1% movement)	(136.24)	(114.67)
Attrition rate (1% movement)	(28.01)	(20.36)
Attrition rate (-1% movement)	29.98	21.82

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

The expected future contribution and estimated future benefit payments from the fund are as follows:

Particulars	As at March 31, 2025	As at March 31, 2024

31. Financial instruments – fair values and risk management

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The cost of unquoted investments included in Level 3 of fair value hierarchy approximate their fair value because the cost represents estimate of fair value.

B. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk

i. Risk management framework

The Company's principal financial liabilities comprise trade payables, other payables and unpaid dividend. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade receivables, cash and cash equivalents and unbilled revenues that derive directly from its operations.

The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk for the Company pertains to investing activities. The Company's exposure to credit risk is influenced mainly by the individual characteristic of customers and counterparties to derivative instruments such as banks.

ii. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investments in debt securities.

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to ₹ 9,295.32 lakhs and ₹ 5,145.19 lakhs as of March 31, 2025 and March 31, 2024, respectively and unbilled revenues amounting to ₹ 2,721.47 lakhs and ₹ 2,054.94 lakhs as of March 31, 2025 and March 31, 2024 respectively. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. As per Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables and unbilled revenues.

Notes to the Standalone Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

The following table gives details in respect of percentage of revenues generated from top two customer and top ten customers:

Particulars	For the Year ended March 31, 2025	For the Year ended March 31, 2024
Revenue from top 2 customers	17.15%	21.94%
Revenue from top 10 customers	60.33%	62.30%

The carrying amount of the following financial assets represents the maximum credit exposure:

Trade receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate.

Credit risk arises from the possibility that customers may not be able to settle their obligations as agreed. The Company establishes an allowance for impairment that best represents its estimate of expected losses in respect of trade receivables. The Company has established a credit policy under which each new customer is analyzed individually for credit worthiness before the standard payment and delivery terms and conditions are offered. The balance outstanding of trade receivable is less than 180 days.

Cash and bank balances

The Company held cash and bank balances of ₹ 1,456.02 lakhs at March 31, 2025 (March 31, 2024: ₹ 1,179.96 lakhs).

Derivatives

The derivatives are entered with banks being counterparty.

iii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulties in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Company has no outstanding bank borrowings. The Company believes that the working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived.

Exposure to liquidity risk

iv. Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables. The Company is exposed to market risk primarily related to the market value of its investments. Thus, the exposure to market risk is primarily related to investing activities. The objective of market risk management is to diversity our portfolio according to nature of investments to mitigate risks.

v. Currency risk

The Company is exposed to currency risk on account of export of services in foreign currency. The functional currency of the Company is Indian Rupee. The summary quantitative data about the Company's exposure to currency risk from non-derivative financial instrument is as follows:

As at March 31, 2025

Independent Auditor's Report

To the Members of Sasken Technologies Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of Sasken Technologies Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company, and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2025, and the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including material accounting policy information and other explanatory information (hereinafter referred to as the "Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of their consolidated state of affairs of the Group as at March 31, 2025, and of consolidated profit (including other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, in accordance with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements in terms of the Code of Ethics issued by Institute of Chartered Accountant of India ("ICAI"), and the relevant provisions of the Act and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements for the year ended March 31, 2025. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

Sr. No	Key Audit Matters	How the Key Audit Matters was addressed in our audit
1	Revenue Recognition from Fixed Price Contracts (Refer Note 3(e) to the Consolidated Financial Statements) Revenue from fixed price contracts is recognized using percentage of completion method ("POC") as per the input method prescribed under Ind AS 115 - Revenue from contracts with customers ("Ind AS 115") where performance obligations are satisfied over time. The POC method involves computation of actual cost incurred till date and estimation of total future cost to be incurred towards remaining performance obligations over the life of the project, which involves following factors requiring significant auditor attention: i. There is an inherent estimation uncertainty relating to determination of the progress of each contract, cost incurred till date and future cost to complete the remaining performance obligation on the contract, given the customized nature of the contracts. ii. The estimation of total cost to complete the contract involves significant judgement throughout the period of contract and is subject to revision as the contract progresses based on latest available information and also involves critical estimates to make provision for onerous contract, if any;	Our audit procedures related to estimation of total cost to complete the contract for fixed price contracts included but not limited to following: i. Obtained an understanding of the systems, processes and controls implemented by management for recording and computing revenue and associated contract assets and contract liabilities. ii. Verified the design, implementation and operating effectiveness of the internal financial controls implemented by the Group with respect to estimation of future cost to completion, estimation of provision for onerous contract, measurement of contract assets, contract liabilities, total contract revenue on its completion, approval and recording of revenue on a test check basis. iii. Internal Information Technology ('IT') specialists were involved to verify the design and operating effectiveness of key application controls relating to revenue recognition which, included testing of automated controls, system generated reports and system reconciliations. iv. We performed below substantive audit procedures on a test check basis for fixed price contracts:- a. Verified the contractual terms to identify the performance obligation and assessed the basis of revenue recognition in accordance with Ind AS 115; b. Compared the status of delivery of the milestones and customer acceptances with the agreed timelines as per the contract to identify possible delays in achieving the milestones which require changes in estimated cost to complete the contract;

	<p>iii. At year end a significant amount of contract assets and contract liabilities related to each contract is to be identified which involve significant judgement and estimation. In view of above, the above matter has been identified as a key audit matter.</p>	<ul style="list-style-type: none"> c. Performed inquiries with delivery / project managers to corroborate the status of contracts; d. Carried out a retrospective assessment of costs incurred with estimated costs to identify any significant variation and verified whether those variations have been considered in estimating the remaining costs to complete the contract; e. Verified that the revenue in foreign currency is recognized applying the spot exchange rate between the functional currency and the foreign currency at the date of the transaction; f. Verified the mathematical accuracy of the calculation of revenue using the ratio of actual costs incurred to estimated costs; g. Verified the accuracy of the actual cost incurred in respect of fixed price contracts; h. Assessed the appropriateness of contract assets on Balance Sheet date by evaluating the underlying documentation to identify possible changes in estimated costs to complete the remaining performance obligations; and i. Inspected underlying documents to determine reasonableness of contract costs. v. On the basis of above procedures, verified that adequate provision has been accounted for in respect of onerous contracts. vi. Verified that the adequate disclosure has been made in respect of revenue from contracts with customers, contract assets and contract liabilities in compliance with the requirements of Ind AS 115 - 'Revenue from contracts with customer.
2	<p>Evaluation of uncertain tax positions (Direct Tax and Indirect Tax)</p> <p>Refer Note 34 to the Consolidated Financial Statements</p> <p>The Group has ongoing litigations with respect to Direct tax and Indirect tax at various levels. There are significant matters of interpretation in terms of application of tax laws and rules to determine current and deferred taxes. The Group's tax positions are challenged by the tax authorities on a range of tax matters including indirect tax matters. This requires the Management to make significant judgements and evaluations of the outcome of uncertain tax positions that are currently in litigation before various tax authorities and thus it may significantly impact the recognition of liabilities and contingent liability related disclosure as per requirements of 'Ind AS 37 - Provisions, Contingent Liabilities, and Contingent Assets'. In view of the above and significance of the matter, this has been identified as a key audit matter</p>	<p>Our audit procedures related to evaluation of uncertain tax positions included but not limited to following:</p> <ul style="list-style-type: none"> i. Obtained a detailed understanding of the management's process for determining statutory liabilities, provisions and contingent liabilities pertaining to tax claims and disputes. ii. Verified the design, implementation, and operating effectiveness of key internal financial controls over review and approval of accounting of uncertain tax positions and related disclosures in the Consolidated Financial Statements. iii. Obtained the details and understood the nature of tax positions and litigations pending against the Group by reading the minutes of various meetings and discussing the developments during the year for litigations with Chief Risk Officer and with other Senior Management personnel. iv. Obtained management's evaluation on outcome of these matters, where applicable. v. Read the orders received by the Group from the tax authorities. vi. We along with our internal tax experts: <ul style="list-style-type: none"> a. read and analyzed key correspondences and relevant legal precedence and other rulings on test check basis; b. evaluated the Group's key underlying assumptions in estimating the tax provisions; c. assessed the Group's estimate of the possible outcome of the disputed cases; vii. Assessed whether the Group's disclosures in Note 34 to the Consolidated Financial Statements - contingent liabilities and commitments, adequately disclose the relevant facts and circumstances of the Group in compliance with Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets and Ind AS 12 Income Tax.

Independent Auditor's Report (Contd.)

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Financial Statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group including in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. The respective Management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Management and Board of Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of each company.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing ("SAs") will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Consolidated Financial Statements.

 - b. The respective Managements of the Holding Company and its subsidiary which are companies incorporated in India whose financial statements have been audited under the Act have represented to us that to the best of their knowledge and belief, no funds have been received by the Holding Company or any of such subsidiaries from any persons or entities, including foreign entities with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Holding Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - c. Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us, and according to the information and explanations provided to us by the Management of the Holding Company in this regard nothing has come to our or other auditors' notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (a) and (b) above, contain any material mis-statement.
 - v. On the basis of our verification, we report that:
 - (a) The interim dividend declared and paid by the Holding Company during the year and until the date of this audit report is in accordance with Section 123 of the Act.
 - (b) The final dividend paid by the Holding Company during the year in respect of the same declared for the previous year is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.
 - (c) The Board of Directors of the Holding Company have proposed final dividend for the year which is subject to the approval of their respective members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend. (Refer Note 15 to the Consolidated Financial Statements)
 - vi. Based on our examination, the Holding Company and its subsidiary incorporated in India has used an accounting software, for maintaining its books of account during the year ended March 31, 2025, which has a feature of recording audit trail (edit log) facility, except that no audit trail feature was enabled at the database level for certain part of the year in respect of the said software to log any direct data changes. Further, the audit trail facility has been operated throughout the year for all relevant transactions recorded in the accounting software, except for the said software at the database level as stated above, in respect of which the audit trail facility has not operated throughout the year for all relevant transactions recorded in this accounting software as it was enabled only for certain part of the year. Further, during our examination, we did not come across any instance of the audit trail feature being tampered with, post enablement of the audit trail facility.

Independent Auditor's Report (Contd.)

Additionally, the audit trail of prior year has been preserved by the Holding Company and its subsidiary incorporated in India as per the statutory requirements for record retention to the extent it was enabled and recorded in previous year.

- h. The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph (b) above on reporting under Section 143(3)(b) and paragraph g (vi) above on reporting under Rule 11(g).
2. In our opinion, according to information, explanations given to us, the remuneration paid by the Group to its directors is within the limits laid prescribed under Section 197 read with Schedule V of the Act and the rules thereunder.
3. According to the information and explanations given to us and based on the CARO reports issued by us for the Holding Company and on consideration of CARO reports issued for the subsidiary included in the consolidated financial statements of the Group to which reporting under CARO is applicable, we report that there are no Qualifications/adverse remarks.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SASKEN TECHNOLOGIES LIMITED

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management and Board of Directors.
- Conclude on the appropriateness of the management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements for the year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure B to the Independent Auditor's Report

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SASKEN TECHNOLOGIES LIMITED

[Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Sasken Technologies Limited on the Consolidated Financial Statements for the year ended March 31, 2025]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

In conjunction with our audit of the Consolidated Financial Statements of the Company as of and for the year ended March 31, 2025, we have audited the internal financial controls reference to Consolidated Financial Statements of Sasken Technologies Limited (hereinafter referred to as "the Holding Company") which includes the internal financial controls over financial reporting of the Holding Company's and its subsidiary companies (the Holding Company and its subsidiaries together referred to as "the Group"), which are companies incorporated in India, as of that date.

In our opinion, and to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to Consolidated Financial Statements and such internal financial controls with reference to Consolidated Financial Statements were operating effectively as at March 31, 2025, based on the internal financial controls with reference to Consolidated Financial Statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI").

Management's and Board of Director's Responsibility for Internal Financial Controls

The respective Management and the Board of Directors of the Holding Company and its subsidiaries, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to Consolidated Financial Statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note issued by ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to Consolidated Financial Statements of the Holding Company and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to Consolidated Financial Statements of the Holding Company and its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls With Reference to Consolidated Financial Statements

A Company's internal financial control with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to Consolidated Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with

Annexure B to the Independent Auditor's Report (Contd.)

generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Consolidated Financial Statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the internal financial control with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to the Consolidated Financial Statements

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

1. Group overview

Sasken Technologies Limited ("Sasken" or "the Company") is a specialist in Product Engineering and Digital Transformation providing concept-to-market, chip-to-cognition R&D services to global leaders in Semiconductor, Automotive, Industrials, Smart Devices & Wearables, Enterprise Grade Devices, SatCom, and Transportation industries. For over 30 years and with multiple patents, Sasken has transformed the businesses of over a 100 Fortune 500 companies, powering over a billion devices through its services and IP.

Established in 1989, Sasken employs around 2,000 people, operating from state-of-the-art centers and offices in Bengaluru, Pune, Chennai, Ahmedabad, Hyderabad and Kolkata (India), Kaustinen, Tampere and Vantaa (Finland). Sasken also has its presence across Germany, Singapore, Japan, and USA. Sasken has been listed in the National Stock Exchange of India Ltd., and BSE Ltd., since its initial public offering in 2005.

2. Basis of preparation

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards prescribed under Section 133 of the Companies Act, 2013, (the 'Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act.

Accounting policies have been applied consistently to all periods presented in these consolidated financial statements, except for the adoption of new accounting standards and amendments to the existing accounting standards, effective as of April 1, 2025.

The consolidated financial statements correspond to the classification provisions contained in Ind AS 1, "Presentation of Financial Statements". For clarity, various items are aggregated in the consolidated statements of Profit and Loss and Balance Sheet. These items are disaggregated separately in the Notes to the consolidated financial statements, where applicable.

The consolidated financial statements have been approved for issue by the Company's Board of Directors on April 25, 2025.

A. Functional and presentation currency

Items included in the financial statements of each of the Company's subsidiaries are measured using the currency of the primary economic environment in which these subsidiaries operate (i.e. the "functional currency"). These consolidated financial statements are presented in Indian Rupees (₹), which is also the Company's functional currency. All amounts included in these consolidated financial statements are reported in INR (Amount in ₹ lakhs), except share and per share data, unless otherwise stated.

B. Basis of measurement

These consolidated financial statements have been prepared on the historical cost convention and on an accrual basis of accounting except for the following material items which have been measured at fair value as required by relevant Ind AS.

Items	Measurement basis
Derivative financial instruments	Fair value
Investments classified as fair value through profit or loss	Fair value
Investments classified as fair value through Other comprehensive income	Fair value
Net defined benefit asset / liability	Fair value of plan assets less present value of defined benefit obligations
Share based payment option	Fair value

C. Use of estimates and judgments

In preparing these consolidated financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

Notes to the Consolidated Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

Assumptions and estimation uncertainties

Information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have a significant effect on the amounts recognized in these consolidated financial statements are included in the following notes:

a) Revenue recognition:

The Group uses the percentage of completion i.e. input (cost expended) method to measure progress towards completion in respect of fixed price contracts. Percentage of completion method accounting relies on estimates of total expected contract revenue and costs. This method is followed when reasonably dependable estimates of the revenues and costs applicable to various elements of the contract can be made. Key factors that are reviewed in estimating the future costs to complete include estimates of future labour costs and productivity efficiencies. Because the financial reporting of these contracts depends on estimates that are assessed continually during the term of these contracts, recognized revenue and profit are subject to revisions as the contract progresses to completion. When estimates indicate that a loss will be incurred, the loss is provided for in the period in which the loss becomes probable.

b) Impairment testing (non-financial assets):

Intangible assets are tested for impairment at least annually and when events occur or changes in circumstances indicate that the recoverable amount of the asset or cash generating units to which these pertain is less than its carrying value. The recoverable amount of cash generating units is higher of value-in-use and fair value less costs to sell. The calculation of value in use of a cash generating unit involves use of significant estimates and assumptions which include growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, future economic and market conditions.

c) Income taxes:

Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods.

d) Deferred taxes:

Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry forwards become deductible. The Group considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of the deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry-forward period are reduced.

e) Defined benefit plans and compensated absences:

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and fair value of plan assets. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

f) Expected credit losses on financial assets:

The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Group uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period.

g) Impairment on goodwill:

Goodwill is tested for impairment at least annually and when events occur or changes in circumstances indicate that the recoverable amount of the cash generating units to which it pertain is less than its carrying value. The recoverable amount of cash generating units is higher of value-in-use and fair value less costs to sell. The calculation of value in use of a cash generating unit involves use of significant estimates and assumptions which include growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, future economic and market conditions.

Notes to the Consolidated Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

h) Other estimates:

Fair valuation of derivative hedging instruments designated as cash flow hedges involves significant estimates relating to the occurrence of the highly probable cash flow forecast transactions.

D. Measurement of fair values :

Some of the Group's accounting policies and disclosures require measurement of fair values, for financial assets and liabilities and non-financial assets and liabilities.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); or

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

3. Summary of material accounting policies

(a) Basis of consolidation

Subsidiaries

The Company determines the basis of control in line with the requirements of Ind AS 110, Consolidated Financial Statements. Subsidiaries are entities controlled by the Company. The Company controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries and controlled trusts are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

The financial statements of all Group entities are prepared using uniform accounting policies and for the same reporting period as that of the Company. The financial statements of the Group entities are consolidated on a line-by-line basis by adding together like items of assets, liabilities, income, and expenses. Intra-group balances, transactions, and unrealised profits or losses arising from intra-group transactions are eliminated in full. The results of subsidiaries acquired or disposed of during the year are included in the consolidated financial statements from the date of acquisition or up to the date of disposal, as appropriate. All intra-Group balances, transactions, income and expenses are eliminated in full on consolidation.

Non-controlling interests in the net assets of consolidated subsidiaries are presented separately within equity. The share of profit or loss attributable to non-controlling interests is also presented separately in the consolidated statement of profit and loss.

(b) Business combinations

Business combinations involving entities that are controlled by the Group (common control transactions) are accounted for using the pooling of interests method as follows:

- The assets and liabilities of the combining entities are reflected at their carrying amounts;
- The financial information in the financial statements in respect of prior periods is restated with effect from the appointed date as per the approval obtained from the requisite authorities.
- The assets and liabilities acquired are recognized at their carrying amounts. The identity of the reserves is preserved and they appear in the consolidated financial statements of the Group in the same form in which they appeared in the financial statements of the acquired entity;
- The difference, if any, between the consideration and the amount of share capital of the acquired entity is transferred to capital reserve.

Notes to the Consolidated Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

Business combinations for transactions other than the common control transactions are accounted for using the acquisition method. The cost of an acquisition is measured as the fair value of the assets transferred, liabilities incurred or assumed and equity instruments issued at the date of exchange by the Company. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at fair value at the date of acquisition. Transaction costs incurred in connection with a business acquisition are expensed as incurred.

The cost of an acquisition also includes the fair value of any contingent consideration measured as at the date of acquisition. Any subsequent changes to the fair value of contingent consideration classified as liabilities, other than measurement period adjustments, are recognized in the Statement of Profit and Loss.

The interest of non-controlling shareholders is initially measured at fair value as on the acquisition date. Subsequent to acquisition, the carrying amount of non-controlling interest is the amount of those interests at initial recognition plus the non-controlling interest's share of subsequent changes in equity. Total comprehensive income is attributed to non-controlling interests even if it results in the non-controlling interest having a deficit balance.

Goodwill represents the excess of the cost of an acquisition over the fair value of the Company's share of the net identifiable assets of the acquired subsidiary at the date of acquisition. Goodwill is measured at cost less accumulated impairment losses. Goodwill is allocated to the cash-generating units (CGU) expected to benefit from the synergies of the combination for the purpose of impairment testing. A CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or group of assets.

(c) Property, plant and equipment (including intangible assets)

i. Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation / amortization and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

The cost of property, plant and equipment not available for use as at each reporting date is disclosed under capital work-in-progress.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in the Statement Profit and Loss.

ii. Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the incremental future economic benefits associated with the expenditure will flow to the Group.

iii. Depreciation and amortization

Based on an independent assessment, Management has estimated the useful lives of the following classes of assets, which are lower than or equal to those indicated in Schedule II of the Act. Management believes this best represents the period over which they expect to use these assets. Depreciation is provided using the straight line method (SLM), over the estimated useful life of the asset, as follows:

Asset block	Estimated useful life	Useful life as per Schedule II
Buildings	20	60
Computers	3	3
Electrical fittings	5	10
Furniture and fixtures	10	10
Office equipment	5	5
Vehicles	5	8
Plant and equipment	5	15

Leasehold improvements are amortized over the shorter of estimated useful life of the assets or the related lease term. Freehold land is not depreciated.

Notes to the Consolidated Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

Assets with unit value of ₹ 5,000 or less are depreciated entirely in the year of acquisition.

Intangible assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

Asset block	Estimated useful life
Computer software	3-5 years
Intellectual property	3-6 years
Contract rights	3-5 years

The cost of property, plant and equipment not available for use before such date are disclosed under capital work-in-progress.

(d) Leases

The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

Group as a lessee

The Group accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Group measures the lease liability at the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Group measures the right-of-use asset at an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognized in the balance sheet immediately before the date of initial application. The right-of-use assets is depreciated using the straight-line method from the date of initial application over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognized in the Statement of Profit and Loss.

The Group has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

(e) Revenue

The Group derives revenues from rendering software services, installation and commissioning services and maintenance services.

Revenue is recognized upon transfer of control of promised services to customers in an amount that reflects the consideration which the Group expects to receive in exchange for those services.

i. Time and material contracts

Revenue and costs relating to time and material contracts are recognized as and when the services are rendered.

Notes to the Consolidated Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

ii. Fixed-price contracts

Revenue from fixed price service contracts and customized technology developments is recognized based on the percentage of completion method (POC) of accounting with contract cost incurred determining the degree of completion of the performance obligation. Revenue from maintenance contracts is recognized ratably over the term of the maintenance arrangement.

The solutions offered by the Group may include supply of third-party software. In such cases, revenue for supply of such third party software are recorded at gross or net basis depending on whether the Group is acting as the principal or as an agent of the customer. The Group recognizes revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

iii. Others

Revenue from royalty is recognized when the later of the following events occurs;

- a) the subsequent sale or usage occurs; or
- b) the performance obligation to which some or all of the sales-based or usage-based royalty has been allocated and satisfied (or partially satisfied).

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract assets are recognized when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Deferred revenue ("contract liability") is recognized when there is billings in excess of revenues. Advances received for services are reported as liabilities until all conditions for revenue recognition are met.

Interest income is recognized as it accrues in the Statement of Profit and Loss using effective interest rate method. Dividend income is recognized when the right to receive the dividend is established.

In accordance with Ind AS 37, the Group recognizes an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Group reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation a cumulative adjustment is accounted for.

The Group disaggregates revenue from contracts with customers by geography and nature of services.

Use of significant judgements in revenue recognition:

The Group's contracts with customers include promises to transfer services to a customer. The Group assesses the services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur and is reassessed at the end of each reporting period. The Group allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Group uses judgement to determine an appropriate standalone selling price for a performance obligation. The Group allocates the transaction price to each performance obligation on the basis of the relative stand-alone selling price of each distinct service promised in the contract.

Notes to the Consolidated Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

The Group exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Group considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

(f) Foreign currency

Foreign currency transactions

(i) Initial recognition

Transactions in foreign currency are translated into the reporting currency by applying to the foreign currency amount, the exchange rate prevailing on the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from translation at the exchange rates prevailing at the reporting date, of monetary assets and liabilities denominated in foreign currencies are recognized in the Statement of Profit and Loss and reported within foreign exchange gains / (losses), net within results of operating activities, except when deferred in Other Comprehensive Income as qualifying cash flow hedges.

Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated on the exchange rate at the date of the transaction.

(ii) Foreign operations

For the purpose of presenting these consolidated financial statements, the assets and liabilities of the Group foreign operations that have a functional currency other than Indian rupees are translated into Indian rupees using exchange rates prevailing at the reporting date. Income and expense items are translated at the average exchange rates for the period. Exchange differences arising, if any, are recognized in Other Comprehensive Income and held in foreign currency translation reserve (FCTR), a component of equity. When a foreign operation is disposed, the relevant amount recognized in FCTR is transferred to the Statement of Profit and Loss as part of the Statement of Profit and Loss on disposal.

(g) Financial instruments

i. Recognition and initial measurement

Trade receivables are initially recognized when they are originated. All other financial assets and financial liabilities are initially recognized when the Group becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through Profit and Loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

ii. Classification and subsequent measurement

Financial assets:

On initial recognition, a financial asset is classified as measured at amortized cost or fair value through Profit and Loss (FVTPL) or fair value through Other Comprehensive Income (FVTOCI).

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Group changes its business model for managing financial assets.

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

All financial assets not classified as measured at amortized cost or FVTOCI are measured at FVTPL. This includes all derivative financial assets.

Notes to the Consolidated Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in the Statement of Profit or Loss. However, see Note 3(g)(iv) for derivatives designated as hedging instruments.
Financial assets at amortized cost	These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses, if any. Interest income, foreign exchange gains and losses and impairment are recognized in profit or loss. Any gain or loss on derecognition is recognized in the Statement of Profit or Loss.
Financial assets at OCI	These assets are subsequently measured at fair value. Dividends are recognized as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in OCI and are not reclassified to the Statement of Profit or Loss.

Financial liabilities

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in the Statement of Profit and Loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in the Statement of Profit and Loss. Any gain or loss on derecognition is also recognized in the Statement of Profit and Loss.

iii. Derecognition

Financial assets:

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

Financial liabilities:

The Group derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Group also derecognizes a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in the Statement of Profit and Loss.

iv. Derivative financial instruments and hedge accounting

The Group is exposed to foreign exchange risk from monetary assets, liabilities and forecasted cash flows denominated in foreign currencies. The Group limits the effect of foreign exchange rate fluctuations by following established risk management policies including the use of derivatives. The Group enters into derivative financial instruments where the counterparty is a bank.

Derivatives are initially measured at fair value. Attributable transaction costs are recognized in Statement of Profit and Loss as cost.

Subsequent to initial recognition, derivative financial instruments are measured as described below:

Cash flow hedges

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in OCI and accumulated in 'other equity' under cash flow hedging reserve. The effective portion of changes in the fair value of the derivative that is recognized in OCI is limited to the cumulative change in fair value of the hedged item, determined on a present value basis, from inception of the hedge. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the Statement of Profit and Loss.

If a hedge no longer meets the criteria for hedge accounting or the hedging instrument is sold, expires, is terminated or is exercised, then hedge accounting is discontinued prospectively. When hedge accounting for cash flow hedges is discontinued, the amount that has been accumulated in other equity remains there until, for a hedge of a transaction resulting in recognition of a non-financial item, it is included in the non-financial item's cost on its initial recognition or, for other cash flow hedges, it is reclassified to the Statement of Profit and Loss in the same period or periods as the hedged expected future cash flows affect the Statement of Profit and Loss.

If the hedged future cash flows are no longer expected to occur, then the amounts that have been accumulated in other equity are immediately reclassified to the Statement of Profit and Loss.

Notes to the Consolidated Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

(h) Impairment

i. Impairment of financial Asset

The Group recognizes loss allowances for expected credit losses on financial assets measured at amortized cost.

At each reporting date, the Group assesses whether financial assets carried at amortized cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being past due for 180 days or more;
- the restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for a security because of financial difficulties.

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible defaults over the expected life of a financial instrument.

ii. Impairment of non-financial assets

The Group's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent on the cash inflows of other assets or CGUs.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. The recoverable amount of an asset or cash generating unit is the higher of its fair value less cost of disposal (FVLCD) and its value-in-use (VIU). The VIU of long-lived assets is calculated using projected future cash flows. FVLCD of a cash generating unit is computed using turnover and earnings multiples. Impairment losses are recognized in the Statement of Profit and Loss. Impairment loss recognized in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

If at the reporting date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the impairment losses previously recognized are reversed such that the asset is recognized at its recoverable amount but not exceeding written down value which would have been reported if the impairment losses had not been recognized initially.

iii. Impairment of goodwill

Goodwill is tested for impairment at least annually and when events occur or changes in circumstances indicate that the recoverable amount of the cash generating units to which it pertain is less than its carrying value. The recoverable amount of CGU is higher of VIU and fair value less costs to sell. The calculation of value in use of a CGU involves use of significant estimates and assumptions which include growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, future economic and market conditions.

(i) Equity

i. Share capital

The authorized share capital of the Company as of March 31, 2025 and March 31, 2024 is ₹ 5,500 lakhs i.e. 550 lakh equity shares of ₹ 10 each. Par value of the equity shares is recorded as share capital.

Every holder of the equity shares, as reflected in the records of the Company as of the date of the shareholder's meeting shall have one vote in respect of each share held for all matters submitted to vote in the shareholder's meeting.

ii. Capital reserve

Any profit or loss on purchase, sale, issue or cancellation of the Company's own equity instruments is transferred to capital reserve.

Capital reserve amounting to ₹ 132 lakhs (March 31, 2024: ₹ 132 lakhs) is not freely available for distribution.

Notes to the Consolidated Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

iii. Capital redemption reserve

A statutory reserve created to the extent of sum equal to the nominal value of the share capital extinguished on buyback of Company's own shares.

Capital redemption reserve amounting to ₹ 1,521.50 lakhs (March 31, 2024: ₹ 1,521.50 lakhs) is not freely available for distribution.

iv. Share based payments reserve

Share based payment reserve is used to record the fair value of equity-settled share-based payment transactions with employees over the vesting period. This reserve is utilised upon exercise of options.

Share based payments reserve amounting to ₹ 817.90 lakhs (March 31, 2024: 863.02 lakhs) is not freely available for distribution.

v. Securities premium

Amount received in excess of par value of equity share is classified as securities premium. Securities premium amounting to ₹ 752.11 lakhs (March 31, 2024: ₹ 326.74 lakhs) is not freely available for distribution.

vi. Retained earnings

Retained earnings comprises of the Group's undistributed earnings after taxes and is available for dividend distribution.

vii. General reserve

General reserve comprises of the Group's undistributed earnings after taxes and is available for dividend distribution.

viii. Other comprehensive income (OCI)

Changes in the fair value of financial instruments measured at fair value through Other Comprehensive Income, exchange differences on translation of foreign operations and remeasurement gains and losses on defined benefit plans are recognized in Other Comprehensive Income (net of taxes), and presented within equity as Other Comprehensive Income.

a. Cash flow hedging reserve

Changes in fair value of derivative hedging instruments designated and effective as a cash flow hedge are recognized in Other Comprehensive Income (net of taxes), and presented within equity as cash flow hedging reserve.

b. Foreign currency translation reserve (FCTR)

The exchange differences arising from the translation of financial statements of foreign operations with functional currency other than Indian rupees is recognized in Other Comprehensive Income, net of taxes and is presented within equity in the FCTR.

c. Fair value through OCI of investments

Changes in fair value of financial instruments (investments) designated through other comprehensive income recognized in Other Comprehensive Income (net of taxes) and presented within equity.

d. Remeasurement gains / losses

Remeasurement gains / losses on defined benefit plans are recognized in Other Comprehensive Income (net of taxes) and presented within equity.

ix. Treasury shares

The Group has formed the Sasken Employees Welfare Trust ('the Trust') for providing share-based incentives to its employees. The Trust purchases equity shares of the Company from the market to allot them pursuant to the share-based incentive scheme. The Company consolidates the Trust and shares held by Trust are treated as treasury shares. Own equity instruments that are reacquired (treasury shares) are recognized at cost and deducted from equity. No gain or loss is recognized in the consolidated Statement of Profit and Loss on the purchase, sale, issuance or cancellation of the Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognized in reserve. Share options exercised during the reporting period are adjusted against treasury shares.

Notes to the Consolidated Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

(j) Employee benefits

a) Post-employment and pension plans

The Group's employees participate in various employee benefit plans. Pensions and other post-employment benefits are classified as either defined contribution plans or defined benefit plans. Under a defined contribution plan, the Group's only obligation is to pay a fixed amount with no obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits. The related remeasurement and investment risks fall on the employee. The expenditure for defined contribution plans is recognized as an expense during the period when the employee renders service. Under a defined benefit plan, it is the Group's obligation to provide agreed benefits to the employees. The related remeasurement and investment risks fall on the Group. The present value of the defined benefit obligations is calculated by an independent actuary using the projected unit credit method.

All remeasurement gains or losses are immediately recognized in OCI, net of taxes and permanently excluded from the Statement of Profit and Loss. Further, the Statement of Profit and Loss will not include an expected return on plan assets. Instead, net interest recognized in the Statement of Profit and Loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognized as part of remeasurement of net defined liability or asset through OCI, net of taxes. The Group has the following employee benefit plans:

i. Gratuity

The Group provides for gratuity, a defined benefit plan covering all eligible employees. The plan provides a lump sum payment to eligible employees at retirement or on termination of employment based on the salary of the respective employee and the years of employment with the Company.

The Group contributes to gratuity funds maintained by third parties, such as insurance companies and mutual funds. The amount of contribution is determined based upon actuarial valuations as at the period end using the projected unit credit method. Provision is made for the shortfall between the actuarial valuation carried out as at balance sheet date as per projected unit credit method and the fair value of the plan assets with the third parties, such as insurance companies and mutual funds.

Remeasurements of the net defined benefit liability, which comprise remeasurement gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized in OCI, net of taxes. The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period, by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognized in the Statement of Profit and Loss.

ii. Provident fund

Employees in India are eligible to receive provident fund benefits through a defined benefit plan in which the employees and the employer make monthly contributions to the plan.

Company's portion of the contribution is made to the approved provident fund trust managed by the Company while the remainder of the contribution is made to the Government administered pension fund. The provident fund trust guarantees a specified rate of return on such contributions. While the contributions made to the trust managed by the Company is accounted for as a defined benefit plan as the Company is liable for any shortfall in the Trust's assets based on the Government specified rate of return, the contributions made to the Government administered pension fund is accounted for as a defined contribution plan as the Company has no obligation other than to make such contributions.

Provident fund related to employees of Sasken Silicon Technologies Private Limited (SSTPL) are contributed to Government administered fund and is accounted as a defined contribution plan.

iii. Pension

In case of the Company's branch in Germany, pension contributions are made as per the local laws and regulations. The Group provides for these pension benefits, a defined benefit plan, covering all eligible employees. The plan provides for various pension benefits to eligible employees at retirement or on termination of employment based on earnings of the respective employee and the years of employment with the Group. The Group contributes to a reinsured support fund maintained by an external agency. The contributions made by the employer are charged to the Statement of Profit and Loss on accrual basis. Provision is made for the shortfall between the actuarial valuation carried out as at the year end, based on the projected unit credit method and the plan assets.

Notes to the Consolidated Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

For other overseas branches, social security contributions are made as per the respective local laws and regulations. The same is charged to the Statement of Profit and Loss on an accrual basis. There are no obligations beyond the respective entity's contributions.

Remeasurements of the net defined benefit liability, which comprise remeasurement gains and losses are recognized in OCI.

iv. Superannuation

The Group contributes to a superannuation scheme, a defined contribution plan maintained by the Company with an insurance company. Such contributions are charged to the Statement of Profit and Loss on an accrual basis. The Group has no other obligations beyond its monthly contributions.

b) Short - term employee benefits

Employee benefits payable by the Group wholly within twelve months of receiving employee services are classified as short term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short term employee benefits to be paid in exchange for employee services is recognized as an expense as the related service is rendered by employees.

c) Compensated absences

The Group's employees are entitled to compensated absences. The employees can carry forward a portion of the unutilized accumulating compensated absences and utilize it in future periods or receive cash at retirement or termination of employment. The Group records an obligation for compensated absences in the period in which the employee renders the services that increases this entitlement. The Group measures the expected cost of compensated absences as the additional amount that the Group expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The Group recognizes accumulated compensated absences based on actuarial valuation using the projected unit credit method. Non-accumulating compensated absences are recognized in the period in which the absences occur.

Accumulated leaves, which are expected to be utilized within the next twelve months and not eligible to be carried forward to future years, is treated as a short term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. These amounts are charged to the Statement of Profit and Loss.

(k) Income taxes

Income tax comprises current and deferred tax. It is recognized in the Statement of Profit and Loss, except to the extent that it relates to a business combination or to an item recognized directly in equity or in OCI.

i. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date and applicable for the period.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realize the asset and settle the liability on a net basis or to realize the asset and settle the liability simultaneously.

ii. Deferred tax

Deferred tax is recognized using the balance sheet approach, in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognized in respect of carried forward tax losses and tax credits. Deferred tax is not recognized for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable the Statement of Profit and Loss at the time of the transaction;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Notes to the Consolidated Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which they can be used.

Deferred tax assets, whether unrecognized or recognized, are reviewed at each reporting date and are recognized/reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realized.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

(l) Earnings per share

Basic earnings per share is computed by dividing the net the Statement of Profit and Loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of ordinary shares outstanding during the period is the number of ordinary shares outstanding at the beginning of the period, adjusted by the number of ordinary shares bought back or issued during the period multiplied by a time-weighting factor. The weighted average numbers of equity shares outstanding during the year is adjusted for events of bonus issue; bonus element in a rights issue to existing shareholders; share split; and reverse share split (consolidation of shares) and buy back of shares.

For the purpose of calculating diluted earnings per share, the net the Statement of Profit and Loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares, except where the results are anti-dilutive.

(m) Provisions and contingencies

A provision is recognized when the Group has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Provisions for onerous contracts, i.e. contracts where the expected unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognized when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event, based on a best estimate of such obligation.

Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. A contingent asset is neither recognized nor disclosed in the consolidated financial statements.

(n) Warranty

Provision for warranty related costs are recognized when the license is provided or service provided. Provision is based on historical experience. The estimate of such warranty related costs is revised periodically.

(o) Cash and cash equivalents

Cash and cash equivalents in the cash flow statement comprise of cash at bank and in hand and short term investments with an original maturity value of three months or less. The cash flow statement is prepared under the indirect method.

(p) Stock compensation expense

Measurement and disclosure of the employee share-based payment plans is done in accordance with Ind AS 102 share based payments, issued by the Institute of Chartered Accountants of India. The Group accounts for stock compensation expense based on the fair value of the options granted, determined on the date of grant. Compensation expense is amortized over the vesting period of the option on a straight-line basis. The accounting value of the options outstanding net of the deferred compensation expense is reflected as employee stock options outstanding.

Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Group.

(c) Rights, preference and restrictions attached to the equity shares:

The Company has only one class of equity shares having a par value of ₹ 10 per share. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The holders of equity shares are entitled to receive dividend as declared from time to time. The dividend if any proposed by the Board of Directors is subject to shareholder's approval at the ensuing Annual General Meeting. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up capital of the Company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid.

Failure to pay any amount called-up on shares may lead to forfeiture of the shares.

On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company, remaining after distribution of all preferential amounts in proportion to the number of equity shares held.

(i) Restricted Stock Units (RSUs)

The Sasken Employees' Share Based Incentive Plan 2016 (Plan) was duly approved and instituted in December, 2016. The Plan authorizes the Board of Directors of the Company to offer share based incentive to eligible employees of the Company and its subsidiaries. The maximum number of shares to be granted under the Plan will be in accordance with SEBI (Employee Share Based Payments and Sweat Equity) Regulations, 2021 and other applicable regulations.

The above grants have been made to identified employees of the Company on January 13, 2022; May 26, 2022; October 19, 2022; November 4, 2022; April 3, 2023 and October 13, 2023. These shall vest as per the vesting schedule of 2 years as approved by the Committee and can be exercised over the exercise period of 3 years as approved by them.

During the year ended March 31 2025, no new RSUs were granted, 23,550 RSUs lapsed due to non-meeting of vesting conditions, totally 54,740 RSUs vested, out of which 43,640 RSUs were exercised during the year. The employee share based compensation cost of ₹ 380.26 lakhs charged to the profit or loss (for the year ended March 31, 2024: ₹ 533.57 lakhs).

The Group has used the Black-Scholes Option Pricing Model to determine the fair value of the RSUs based on which the compensation cost for the current year has been computed.

Notes to the Consolidated Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

The fair value of each RSU is estimated on the date of grant using the Black-Scholes-Merton model with the following assumptions:

Particulars	As at March 31, 2025	As at March 31, 2024
RSUs outstanding at the beginning of the year	156,830	176,570
Number of RSUs granted during the year	-	126,870
RSUs Lapsed during the year	(23,550)	(119,540)
RSUs exercised during the year	(43,640)	(27,070)
RSUs vested during the year	26,320	55,490
Total number of shares to be allotted on exercise of equity	89,640	156,830
RSUs outstanding at the end of the year	89,640	156,830
RSUs exercisable at the end of the year	11,100	28,420
Exercise prices of RSUs outstanding at the end of the period/year	₹ 10	₹ 10

The fair value has been calculated using the Black Sholes Option Pricing Model. The Assumptions used in the model on a weighted average basis at the time of grant are as follows :

Particulars	As at March 31, 2025	As at March 31, 2024
1. Weighted average risk free interest rate	7.14%	7.14%

Deferred taxes on unrealized foreign exchange gain / loss relating to cash flow hedges, fair value changes on instruments at FVTOCI and actuarial gains / losses upon remeasurement defined benefit plans are recognized in other comprehensive income and presented within equity. Other than these, the change in deferred tax assets and liabilities is recorded in the Statement of Profit and Loss.

In assessing the realizability of deferred tax assets, the Company considers the extent to which it is probable that the deferred tax asset will be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carryforwards become deductible. The Company considers the expected reversal of deferred tax liabilities, projected future taxable income and tax planning strategies in making this assessment. Based on this, the Company believes that it is probable that the Company will realize the benefits of these deductible differences. The amount of deferred tax asset considered realizable, however, could be reduced in the near term if the estimates of future taxable income during the carry-forward period are reduced.

The Company has provided for income taxes at the rates provided in Section 115BAA of the Income Tax Act, 1961 for the period ended March 31, 2025

28. Segments and disaggregated revenue information

(a) Segmental information:

The Chief Executive Officer of the Group has been identified as the Chief Operating Decision Maker (CODM) as defined by Ind AS 108, "Operating Segments." The Group operates in one segment only i.e. "Software Services". The CODM evaluates performance of the Company based on revenue and operating income from "Software Segment". Accordingly, segment information has not been separately disclosed. The Group earns revenues from customers located across different geographies, the revenues based on domicile of the customer are disclosed in Note (c) below. Assets and liabilities used in the Group's business are not identified to any of the geographies, as these are used interchangeably between geographies.

Notes to the Consolidated Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

The management believes that it is currently not practicable to provide disclosures relating to total assets and liabilities since a meaningful segregation of the available data is onerous.

(b) Revenue by contract type:

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Time and material contracts	44,634.82	34,699.61

None of the customer group individually accounted for more than 10% of the revenues for the year ended March 31, 2025 (March 31, 2024: 1 customer group)

The remaining performance obligation disclosure provides the aggregate amount of the transaction price yet to be recognized as at the end of the reporting year and an explanation as to when the Group expects to recognize these amounts in revenue. Applying the practical expedient as given in Ind AS 115, the Group has not disclosed the remaining performance obligation related disclosures for contracts where the revenue recognized corresponds directly with the value to the customer of the entity's performance completed to date, typically those contracts where invoicing is on time-and-material. Remaining performance obligation estimates are subject to change and are affected by several factors, including terminations, changes in the scope of contracts, periodic revalidations, adjustment for revenue that has not materialized and adjustments for currency fluctuations.

The aggregate value of performance obligations that are completely or partially unsatisfied out of the purchase orders received, other than those meeting the exclusion criteria mentioned above, is ₹ 847.29 lakhs as at March 31, 2025 (₹ 1,253.50 lakhs as at March 31, 2024). Out of this, the Group expects to recognize revenue of 100% in future.

30. Employee benefits

Defined contribution plan:

Pension Fund and Superannuation:

The Company makes contributions to the Government administered pension fund, determined as a specified percentage of employee salaries, in respect of qualifying employees towards Provident fund, which is a defined contribution plan. Further, the Company also contributes to a superannuation scheme, maintained by an insurance company. To the extent of such contributions, the Company has no obligation other than to make the specified contributions. The contributions are charged to the Statement of Profit and Loss as they accrue. The amount recognized as an expense towards contributions for year ended March 31, 2025 ₹ 125.75 lakhs (for the year ended March 31, 2024 ₹ 114.84 lakhs).

Provident Fund and Pension Fund(SSTPL)

SSTPL makes contributions to the Government administered fund, determined as a specified percentage of employee salaries, in respect of qualifying employees towards Provident Fund, which is a defined contribution plan. To the extent of such contributions, SSTPL has no obligation other than to make the specified contributions. The contributions are charged to the Statement of Profit and Loss as they accrue. The amount recognized as an expense towards contributions for the year ended March 31, 2025 ₹ 20.73 lakhs (for the year ended March 31, 2024 ₹ 0.64 lakhs).

Defined benefit plan:

(a) Provident Fund

The Company also makes contributions to the approved Provident Fund Trust (SAS Employees Provident Fund Trust) managed by the Company, in respect of qualifying employees towards Provident fund, which is a defined benefit plan. The contributions made to the Trust managed by the Company is accounted for as a defined benefit plan as the Company is liable for any shortfall in the Trust's assets based on the Government specified rate of return.

(Return) / loss on plan assets excluding amounts included in the net interest on the net defined benefit liability / (asset)	(66.92)	(203.31)
Net Gratuity gain / (loss)	177.91	(153.43)

- (v) Actuarial assumptions - defined benefit obligations

The following were the principal actuarial assumptions at the reporting date (expressed as weighted averages):

Particulars	As at March 31, 2025	As at March 31, 2024
Discount rate	6.59%	7.17%
Expected return on plan assets	6.59%	7.17%
Salary escalation rate	10.00%	10.00%
Attrition rate	20.00%	20.00%

The discount rate is based on the prevailing market yields of Indian government securities for the estimated term of the obligations. The expected return on plan assets is based on expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligations. The estimates of future salary escalations considered takes into account the inflation, seniority, promotion and other relevant factors. Attrition rate considered is the management's estimate, based on previous years' employee turnover of the Group.

- (vi) Sensitivity analysis:

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

Particulars	As at March 31, 2025	As at March 31, 2024
Discount rate (1% movement)	(141.81)	(114.33)
Discount rate (-1% movement)	154.99	124.90
Future salary growth (1% movement)	145.84	122.77
Future salary growth (-1% movement)	(136.24)	(114.67)
Attrition rate (1% movement)	(28.01)	(20.36)
Attrition rate (-1% movement)	29.98	21.82

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

Expected contribution to the fund for the next 12 months	452.21	326.52
Estimated benefit payments from the fund during:		
Year 1	730.06	673.36
Year 2	478.40	422.08
Year 3	457.05	371.12
Year 4	417.10	347.69
Year 5	394.20	313.73

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

- iv. The amounts for the year ended March 31, 2025 and March 31, 2024 recognized in the Statement of Other Comprehensive Income are as follows:

Remeasurements of the net defined benefit liability / (asset)

Particulars	As at March 31, 2025	As at March 31, 2024
Actuarial (gains) / losses	(153.18)	(116.34)
(Return) / loss on plan assets excluding amounts included in the net interest on the net defined benefit liability / (asset)	121.84	147.59
Net pension Cost / (Gain)	(31.34)	31.25

As at March 31, 2025 and March 31, 2024, plan assets were primarily invested in insurer managed funds.

- v. The following were the principal actuarial assumptions at the reporting date (expressed as weighted averages).

Particulars	As at March 31, 2025	As at March 31, 2024
Discount rate	2.90%	2.50%
Expected return on plan assets	2.90%	2.50%

The discount rate is based on the prevailing market yields of government securities for the estimated term of the obligations. The expected return on plan assets is based on expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligations.

31. Financial instruments – fair values

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The cost of unquoted investments included in Level 3 of fair value hierarchy approximate their fair value because the cost represents estimate of fair value.

Derivative instruments (assets and liabilities): The Group enters into derivative contracts with banks with investment grade credit ratings. Derivatives valued using valuation techniques with market observable inputs are foreign exchange forward contracts and foreign exchange option contracts. The most frequently applied valuation techniques include forward pricing and Black Scholes models (for option valuation), using present value calculations. The models incorporate various inputs including the credit quality of counterparties, foreign exchange spot and forward rates, and forward rate curves of the underlying. As at March 31, 2025, the changes in counterparty credit risk had no material effect on the hedge effectiveness assessment for derivatives designated in hedge relationships and other financial instruments recognized at fair value.

The carrying amount of cash and bank balances, investments carried at amortised cost, trade receivables, security deposits, advance to employees, accrued interest, other advances, unbilled revenues, trade payables, lease liabilities, employee related payables, unpaid dividends are considered to be the same as their fair values, since they are short-term in nature. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including own and counterparty credit risk. The carrying amount of non-convertible debentures, investment in preference shares, zero coupon bonds, corporate fixed deposits and tax free bonds carried at amortized cost is considered to be the same as the fair value of the investments.

B. Financial risk management

The Group has exposure to the following risks arising from financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk.

i. Risk management framework

The Group's principal financial liabilities comprise trade payables, other payables and unpaid dividend. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include trade receivables, cash and cash equivalents, other bank balances and unbilled revenues that derive directly from its operations.

The Group's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Group's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk for the Group pertains to investing activities. The Group's exposure to credit risk is influenced mainly by the individual characteristic of customers and counterparties to derivative instruments such as banks.

ii. Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and investments in debt securities.

The carrying amount of the following financial assets represents the maximum credit exposure.

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to ₹ 10,645.98 lakhs and ₹ 6,576.79 lakhs as of March 31, 2025 and March 31, 2024, respectively and unbilled revenues amounting to ₹ 3,020.37 lakhs and ₹ 2,533.88 lakhs as of March 31, 2025 and March 31, 2024 respectively. Credit risk has always been managed by the Group through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business. As per Ind AS 109, the Group uses expected credit loss model to assess the impairment loss or gain. The Group uses a provision matrix to compute the expected credit loss allowance for trade receivables and unbilled revenues.

The following table gives details in respect of percentage of revenues generated from top two customer and top ten customers:

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Revenue from top 2 customers	14.61%	18.28%
Revenue from top 10 customers	55.46%	56.66%

The carrying amount of the following financial assets represents the maximum credit exposure:

Trade receivables

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate.

Credit risk arises from the possibility that customers may not be able to settle their obligations as agreed. The Group establishes an allowance for impairment that best represents its estimate of expected losses in respect of trade receivables. The Group has established a credit policy under which each new customer is analyzed individually for credit worthiness before the Group's standard payment and delivery terms and conditions are offered. The balance outstanding of trade receivable is less than 180 days.

Cash and bank balances

The Group held cash and bank balances of ₹ 3,876.33 lakhs at March 31, 2025 (March 31, 2024: ₹ 5,515.68 lakhs).

Derivatives

The derivatives are entered with banks being counterparty.

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

iii. Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulties in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Group has no outstanding bank borrowings. The Group believes that the working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements.

iv. Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Group's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. The Group is exposed to market risk primarily related to the market value of its investments. Thus, the exposure to market risk is primarily related to investing activities. The objective of market risk management is to diversify our portfolio according to nature of investments to mitigate risks.

As of March 31, 2025 and March 31, 2024, there were no significant gains or losses on derivative transactions or portions thereof that have become ineffective as hedges, or associated with an underlying exposure that did not occur.

32. Capital management

The Group's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to equity shareholders.

The Group monitors capital using a ratio of 'adjusted net debt' to 'adjusted equity'. For this purpose, adjusted net debt is defined as total liabilities less cash and cash equivalents. Adjusted equity comprises all components of equity, other than amounts accumulated in the hedging reserve.

Notes to the Consolidated Financial Statements (Contd.)

(Amount ₹ in lakhs, except share and per share data, unless otherwise stated)

The Group's policy is to keep the ratio below 2.00. The Group's adjusted net debt to equity ratio are as follows:

Management Discussion and Analysis Report

In addition to historical information, this Annual Report contains certain forward-looking statements (FLS). The FLS contained herein is subject to certain risks and uncertainties that could cause actual results to differ materially from those reflected in the FLS. Factors that might cause such a difference include, but are not limited to, those discussed in the Management Discussion and Analysis of Financial Performance and elsewhere in this report. Readers are cautioned not to place undue reliance on these FLS, which reflect management's analysis only as of the date hereof.

Company Overview

FY 2025 was an important year for Sasken, a period of renewed focus, steady growth, and strategic change. Despite challenges in the global economy, changing regulations, and fast-moving technology trends, we stayed resilient and continued to prove our value as a trusted engineering partner to customers around the world. As industries evolve toward **software-defined, intelligent, and secure systems**, Sasken stands at the intersection of five powerful shifts: **AI-first engineering, semiconductor specialization, platformization of products, hyper-connectivity, and embedded cybersecurity**. Our capabilities across **semiconductors, automotive, digital services, communication networks & devices, and industrials** enable us to address these shifts with depth and precision.

Guided by our core pillars of **World-Class Delivery, Tech-First DNA, and Intellectual Integrity**, we have deepened our focus on **product engineering, custom silicon, and digital transformation services**. In FY 2025, we expanded our offerings through strategic investments in **Generative AI accelerators, product security frameworks, and custom silicon and foundry services** via Sasken Silicon. Our acquisition of **Borqs International Holding Corp with its identified wholly owned subsidiaries ('Borqs')** further enhances our **ODM and smart device capabilities**.

Our **60x4x3 growth mission** continues to drive measurable impact, with multi-year deals, deeper account mining, and increasing fixed-price engagements across verticals. We are engaging with customers not just as service providers but as **value co-creators**, delivering **IP-led solutions**, system integration, and platform acceleration.

As India asserts its position as a global technology and design hub, supported by initiatives in semiconductors, digital public infrastructure, and manufacturing; Sasken is strongly positioned to **co-innovate with Global Capability Centers (GCCs)**, Tier-1s, OEMs, and hyperscalers.

Looking ahead to FY 2026, we remain committed to driving next-generation engineering solutions that empower our customers to scale, adapt, and lead with confidence in an increasingly connected, intelligent, and secure world.

Technology Landscape and Industry Trends

FY 2025 was marked by rapid evolution in the global technology ecosystem, driven by five major trends: **AI-first development, cybersecurity imperatives, semiconductor resurgence, sustainability through technology, and industry wide platformization**. Enterprises are accelerating their shift to **software-defined architectures**, seeking solutions that are intelligent, scalable, and energy-efficient.

At Sasken, we have responded proactively to this shift by **integrating AI and ML** into our offerings across **automotive ECUs, embedded systems, satellite modems, and IoT platforms**. Our continued investment in **product security, GenAI accelerators, and cloud-native development** reinforces our commitment to helping customers build resilient and compliant products.

India's digital economy is projected to contribute **20% of GDP by 2026**, underpinned by national programs promoting **semiconductor manufacturing, digital infrastructure, and design-led innovation**. These developments place India at the heart of the global tech supply chain, creating more opportunities for Sasken in **chip design, silicon validation, embedded software, and secure platform development**. Despite global headwinds, including inflationary pressures, tightening regulations in AI, and geopolitical uncertainty, Sasken's **diversified portfolio and balanced global delivery model** enable us to respond with agility and resilience.

Our IP-led solutions and service offerings in **semiconductors, connected mobility, 5G/NTN communications, smart devices, and cybersecurity** continue to gain traction across regions. As enterprises evolve, Sasken remains a **relevant, trusted partner**, delivering value through deep domain expertise, engineering excellence, and forward-looking innovation.

Business Performance & Strategic Outlook

FY 2025 was a defining year for Sasken, one marked by **strong top-line growth, strategic investments, and consistent customer momentum**. With five straight quarters of revenue growth and increasing contribution from million-dollar-plus accounts, we demonstrated the impact of our **60x4x3 strategy** in action.

Our consolidated revenues grew **35.6% YoY**, reaching ₹550.91 crores. While profitability remained under pressure due to increased investments in R&D, partnerships, and talent acquisition, we made significant progress in improving **EBIT sequentially** each quarter. This is a deliberate trade-off to build scale, expand capabilities, and deepen customer relevance- all key enablers of sustained long-term performance.

In FY 2025, our **customer portfolio became stronger and more diversified**, with rising contributions from fixed-price engagements and platform ownership models. We added multiple new logos across verticals and closed over **USD 68 million in deal wins**, showcasing broad-based traction across geographies and domains.

Management Discussion and Analysis Report (Contd.)

Looking ahead, we will continue to invest in:

- IP development in key areas like secure device onboarding, connectivity stacks, and MLOps
- Capability building in next-gen areas such as SDV (Software Defined Vehicles), 5G private networks, and edge-AI
- Expansion of delivery and innovation centers across key geographies
- Analog device engineering capabilities, including mixed-signal design, verification, and embedded software integration, to support industries such as automotive, industrial automation, and IoT

We also foresee higher demand for consulting-led engagements that require not just technical implementation, but strategic alignment with the customer's business goals.

Business Environment and Strategic Outlook

FY 2025 unfolded in a dynamic global environment shaped by geopolitical realignments, evolving technology priorities, and macroeconomic adjustments. While global growth remained uneven, with inflationary pressures and interest rate volatility influencing enterprise spending, **technology-led innovation continued to drive strategic investments**, particularly in product engineering, AI, and semiconductor design.

In India, **economic momentum remained strong**, with GDP growth projected at **-6.5%**, underpinned by a robust manufacturing push, infrastructure investments, and digital public platforms. Government initiatives such as **PLI schemes, semiconductor mission, and Make-in-India** have accelerated interest in localized innovation. The **'China+1' diversification strategy** further strengthens India's position as a preferred hub for **R&D and product engineering services**.

This macro environment reinforces **Sasken's position as a trusted technology partner**. With capabilities spanning **chip to cognition**, we continue to deliver high-impact solutions across **automotive, semiconductor, digital, communications, and industrial verticals**.

Globally, while discretionary tech spending in traditional IT remains measured, there is **increased investment in embedded systems, smart devices, cloud-native platforms, and product security**. ESG-linked compliance, GenAI adoption, and digital supply chain transformation are now enterprise priorities aligning well with Sasken's capabilities.

We are also seeing growing traction from **GCCs** in India, which are now taking ownership of core product development. Our proximity to these centers enables us to **co-create IP, accelerate innovation**, and drive scalable impact.

As we step into FY 2026, we recognize that technology service providers will be expected to **deliver faster cycles, smarter platforms, and integrated solutions**. With a strong engineering foundation, domain depth, and a future-ready mindset, Sasken is poised to evolve from a service provider to a **strategic value partner**.

For more details on the business segments in which your Company operates and the progress we have made in FY 2025, kindly refer to the 'Technology & Markets' section. For information on 'Human Resources' kindly refer to the 'Sasken People' section in the Annual Report

Semiconductor: Accelerating Innovation from IP to System

FY 2025 marked a period of accelerated evolution in the global semiconductor industry, fueled by exponential growth in **AI, automotive electronics, advanced manufacturing, high-performance computing, and intelligent edge devices**. To meet the demands of this next era, chipmakers worldwide are pivoting toward **specialized architectures, chiplet-based integration, and energy-efficient, software-defined designs**.

At the same time, the sector continues to face **geopolitical headwinds and supply chain disruptions**, prompting national governments in the **U.S., EU, and Asia** to invest heavily in local semiconductor ecosystems. India, supported by its **Semiconductor Mission**, has emerged as a strategic player in the global value chain. With deep design expertise, a growing base of ATMP capabilities, and one of the world's strongest pools of engineering talent, India is fast becoming a hub for **semiconductor design and validation**.

For Sasken, this shift presents a powerful growth opportunity. The acquisition of **Sasken Silicon Technologies Private Limited (formerly Anups Silicon Services Private Limited)** in FY 2025 marked a significant expansion of our legacy in chip design. Our capabilities now span **Analog and Mixed-Signal (AMS) design, RF systems, SerDes, radar processing, SoC integration, IP development, and verification**.

In FY 2025, we delivered **confidential compute platforms, analog circuit designs, and automated testing frameworks** to top-tier semiconductor clients in the U.S., Japan, and Europe. We also deepened our involvement in **IP ownership programs and foundry collaboration models**, enabling faster time-to-market and co-innovation.

Looking ahead to FY 2026, we are well-positioned to address growing customer needs in **AI-enabled, low-power SoCs** across automotive, communication, satellite, and consumer segments. Our ability to integrate silicon design with embedded software and system-level engineering gives us a unique edge as the industry moves toward **intelligent, secure, and efficient computing platforms**.

Management Discussion and Analysis Report (Contd.)

Automotive: Engineering the Future of Mobility

The automotive industry is undergoing a structural transformation, driven by the convergence of **electrification, autonomy, connectivity, and software-defined architectures**. The global shift toward **electric vehicles (EVs)** continues to gain momentum, driven by regulatory mandates, consumer demand for sustainable mobility, and improvements in battery technology and charging infrastructure. At the same time, **Software-Defined Vehicles (SDVs)** are redefining how vehicles are designed, built, and upgraded, moving from fixed-function hardware to **platform-driven, updatable systems**.

Connectivity is now central to the in-vehicle experience, with technologies such as **vehicle-to-everything (V2X)** and **high-performance computing (HPC)** enabling real-time interaction between vehicles, infrastructure, and cloud ecosystems. These developments are expanding the role of software across the entire mobility value chain.

In FY 2025, Sasken secured **multiple strategic wins** in this evolving space. We delivered **digital cockpit solutions, ADAS integrations, telematics systems, and connected mobility platforms** for leading OEMs and Tier-1s across the U.S., Europe, Japan, and India. Our **Virtual Cockpit Platform**, deployable on **ARM-based hardware and AWS Graviton**, empowers customers to accelerate time-to-market with scalable SDV-ready frameworks.

In India, we partnered with top EV manufacturers to build **connected cluster solutions, cloud-integrated navigation, and remote fleet platforms**, aligning with the national push for green mobility.

Our engineering services also support **compliance-driven product development**, including **UNECE WP.29** and **RED** standards. Looking ahead, FY 2026 presents significant opportunities in **edge AI integration, vehicle cybersecurity, and platform consolidation**, as OEMs seek trusted partners to help navigate this transformation.

With deep domain expertise, IP-led offerings, and system-level integration capabilities, Sasken is well-positioned to drive the future of **connected, intelligent, and sustainable mobility**.

Industrials: Advancing Intelligent, Secure, and Sustainable Operations

The global industrial sector is undergoing a significant digital shift, driven by the need to manage **economic uncertainty, rising operational costs, and labor shortages**. Manufacturers are increasingly adopting **smart factory technologies, AI-led automation, and cloud-native platforms** to enhance productivity, agility, and sustainability. Concepts such as **the industrial metaverse, digital twins, GenAI integration, and edge intelligence** are transitioning from pilots to scaled deployments across shop floors, equipment, and supply chains.

In this environment, Sasken continues to be a trusted partner for **industrial OEMs and IoT product companies**, delivering **end-to-end engineering solutions** across connected devices, smart platforms, and embedded systems. Our offerings span:

- **Enterprise and ruggedized devices**
- **Machine intelligence and telemetry**
- **Cloud-based enablement for industrial platforms**

With strengthened capabilities in **silicon design, IP-led services, and foundry support**, we are helping customers address increasing product complexity while accelerating time-to-market. Our **AI/ML and GenAI offerings**, including **LLMs at the edge** that are now powering intelligent automation, anomaly detection, and real-time inference. These are secured through our **secure-by-design frameworks** aligned with global industrial cybersecurity standards.

We delivered **Linux SMR services, RFID test solutions, and DevOps/automation tools** for leading global industrial clients. Our growing cybersecurity practice now offers **VAPT, secure-by-design frameworks**, and compliance solutions aligned to **IEC 62443, CRA, and other standards**.

In FY 2025, we also expanded our ecosystem engagements. Our partnership with **Databricks** enables us to deliver **scalable data lakes and analytics solutions** tailored to industrial environments. Meanwhile, our **Long-Term Support Center of Excellence (LTCoE)** ensures sustained product reliability and compliance across extended lifecycles.

As industrial enterprises seek **deep, durable, and secure digital transformation**, Sasken brings the right blend of **domain knowledge, digital acumen, and engineering precision** to help customers modernize operations and build next-generation, resilient industrial ecosystems.

Communications, Devices & Networks: Enabling Next-Gen Connectivity and Intelligence

The global communications ecosystem is undergoing rapid transformation, driven by the rollout of **5G**, early-stage **6G research**, and the rise of **software-defined, disaggregated network architectures**. Telecom operators are embracing **Open RAN, cloud-native cores, and edge-native solutions** to meet ultra-low latency, high-throughput demands across industrial and consumer applications.

Management Discussion and Analysis Report (Contd.)

In FY 2025, Sasken delivered high-impact solutions across this evolving landscape, including **RAN protocol stack development**, **core network software**, and **AI-led network automation**. We also strengthened our partnerships in **O-RAN**, **V2X**, and **network API development**, reinforcing our relevance in building agile, secure, and scalable communication infrastructures.

In parallel, the **satellite communications sector** is seeing renewed momentum with **LEO/MEO constellations** expanding coverage in aviation, maritime, and remote geographies. Sasken's expertise in **modem development**, **waveform engineering**, and **SDR-based gateway and terminal implementations** continues to support customers in accelerating time-to-market and performance optimization. Notable wins include **VSAT system automation** and **multi-band terminal porting** for leading satellite OEMs.

The connected device landscape is also evolving rapidly, with next-gen endpoints demanding **AI-readiness**, **power efficiency**, and **robust security**. In FY 2025, Sasken executed major programs in **Wi-Fi/BT stack development**, **Android platform management**, and **log analysis automation using LLMs**. Our **Device + Cloud offerings**, combined with edge AI and AI security capabilities, allow us to deliver end-to-end solutions across industrial, consumer, and automotive platforms.

The acquisition of **Borqs** further strengthens our **ODM capabilities**, enabling us to offer complete product lifecycle services, from design and embedded software to manufacturing and post-market support.

With deep domain expertise and platform-led delivery, Sasken remains a strategic partner in building the **next generation of intelligent, connected ecosystems**.

Digital: Powering Smart, Scalable, and Secure Platforms

Digital transformation is no longer a one-time initiative but a continuous, strategic reinvention of how businesses operate, compete, and deliver value. Enterprises are increasingly building around **cloud-native platforms**, **AI-driven workflows**, and **intelligent automation** to achieve agility, resilience, and superior customer experience.

Sasken's Digital business has emerged as a **core pillar of growth**, with offerings that span **cloud**, **cognition**, **connectivity**, and **computing**. In FY 2025, we delivered critical programs in **cloud-native analytics**, **connected vehicle platforms**, and **DevOps/MLOps implementations** across the automotive, industrial, and communications sectors.

We launched **GenAI-powered accelerators** that enhance productivity in **QA automation**, **software development**, and **digital twin enablement**. Our work in **predictive analytics**, **in-vehicle/off-board platform engineering**, and **scalable AI-driven systems** is helping customers transform operations with measurable impact.

Cybersecurity continues to be foundational to this journey. Sasken's capabilities in **DevSecOps**, **threat modeling**, and **cybersecurity consulting** are enabling enterprises to protect digital assets, ensure compliance, and maintain operational continuity in an increasingly connected environment.

In FY 2025, our collaborations with **AWS**, **Databricks**, and other strategic partners enabled us to deliver integrated solutions at scale. Our **Digital Twin** and **Over-The-Air (OTA)** frameworks, showcased at leading industry forums, position Sasken as a key enabler of next-generation product experiences.

With a growing talent pool, future-ready platforms, and a culture of innovation, Sasken continues to deliver **secure, intelligent, and scalable digital outcomes** that help enterprises stay ahead in a rapidly evolving technology landscape.

We remain a trusted partner at the intersection of **physical and digital systems**, delivering differentiated value across industries and driving long-term business transformation.

Financial Performance

The discussions in this section relate to the consolidated financial results pertaining to the year that ended March 31, 2025. The financial statements of Sasken Technologies Limited (the 'Company') and its subsidiaries (collectively referred to as the 'Group') are prepared in accordance with the Indian Accounting Standards (referred to as 'Ind AS') prescribed under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time. Material accounting policies used in the preparation of the financial statements are disclosed in the notes to the Consolidated Financial Statements.

Management Discussion and Analysis Report (Contd.)

Revenue:

USD revenue for FY2025 is USD 65.01 Million increased by 32% compared with FY 2024 USD 49.17 Million mainly on account of growth in business volumes across customers in line with our 60x4x3 vision. Customers with annual run rate of more than USD 1 Million have increased to 20 in FY 2025 from 16 in FY 2024. Customers with USD 4 Million run rate increased to 3 in FY 2025 from 1 in FY 2024. During FY 2025, the Group achieved order bookings of USD 68 million.

Expenses:

The total expenses for FY 2025 are ₹ 52,800 lakhs compared to ₹ 37,573 lakhs in FY 2024, an increase of 41% and in absolute terms increase of ₹ 15,227 lakhs compared to FY 2024.

The increase in costs was primarily driven by planned workforce expansion, including the hiring of fresh graduates and the implementation of competitive compensation adjustments aimed at retaining key talent and supporting long-term value creation. In addition, we have undertaken strategic leadership hiring for our newly established subsidiaries.

Furthermore, the Group made targeted investments to expand into emerging areas such as Generative AI and to establish new subsidiaries, aligning with our broader strategy of diversifying offerings and extending our geographical footprint. These investments include both fixed and one-time costs, largely associated with the Borqs acquisition and capacity-building initiatives designed to enhance our operational capabilities and position the Group for sustained future growth.

Depreciation and amortization expenses:

Depreciation and amortisation expenses have increased to ₹ 1,396 lakhs for FY 2025 as against ₹ 743 lakhs for FY 2024. During the year, new premises were taken on long-term lease in Chennai, Kolkata & Pune and accounted as Right-of-use (ROU) assets. The consequent depreciation on such ROU assets led to an increase in depreciation and amortisation.

Other Income:

Other Income comprises of fair valuation of mutual funds, interest from corporate deposits, tax free bonds, zero coupon bonds (ZCB), government securities and non-convertible debentures (NCD), gain on sale of investments, profit on sale of fixed assets, preference dividend on investment, write back of unclaimed balances and provisions, exchange gains on foreign currency, interest on income tax refund and other miscellaneous receipts.

Other income for FY 2025 has decreased to ₹ 5,584 lakhs compared to FY 2024 of ₹ 7,086 lakhs. Your Group has earned an annualized pre - tax yield of 8.79% in FY 2025 as against 11.80% in FY 2024. The returns from investments are as follows:

Particulars	Pre-Tax Yield FY 2025	Pre-Tax Yield FY 2024
Yield (Not Including Equity Mutual Funds)	8.25%	7.89%
Yield (Including Equity Mutual Funds)	8.79%	11.80%

During the year, the Group gradually increased its allocation in fixed income portfolio with focus on long duration instruments given the rate reversal is imminent.

During FY 2025, the Indian equity market remained largely muted, impacted by ongoing market corrections and elevated volatility. A key driver of this turbulence was the movement in the US dollar, triggered by the imposition of new tariffs by the United States on several global trading partners.

Management Discussion and Analysis Report (Contd.)

In response to the market environment, all equity investments were strategically exited in alignment with the pre-defined take-profit policy. The equity portfolio delivered a robust return of **22%**, underscoring disciplined risk management and timely profit booking amidst an uncertain macro backdrop.

In FY 2025, the Company received ₹ 1,145 lakhs of dividend from its subsidiary companies, which is reflected in the Standalone Financial Statements.

Income Tax Expense:

The tax charges vary depending on the nature of the business transaction, mix of onsite - offshore revenues, country of operations and the selection of tax regime.

₹ in lakhs

Particulars	FY 2025	FY 2024
Profit Before Tax	6,201	9,380
Total Tax Expense	1,150	1,506
Effective Tax Rate	18.54%	16.05%

The effective tax rate increased to **18.54%** in FY 2025, up from **16.05%** in FY 2024. While taxes on business income remained broadly consistent year-over-year, the rise in the overall tax rate is primarily attributable to changes in treasury income composition. In FY 2024, lower tax on equity gains reduced the overall tax burden. In FY 2025, the absence of such gains led to more income being taxed at standard rates, increasing the effective tax rate.

A key pillar of our investment policy is a proactive risk management framework that ensures continuous monitoring of market conditions. This approach enables us to realize profits based on predefined market triggers, facilitating prudent decision-making and the timely capture of gains in a dynamic and often volatile market environment.

In line with this strategy and considering the heightened volatility in equity markets during the year, we made the strategic decision to fully exit our equity portfolio. This exit allowed us to realize profits in accordance with our risk-adjusted investment approach. Furthermore, we exited select investments during the year and temporarily allocated the proceeds to money market mutual funds to ensure liquidity in preparation for the Borqs acquisition. In addition, we increased our allocation to government securities and preference shares, reflecting a strategic shift toward lower-risk, fixed-income instruments aimed at preserving capital while maintaining portfolio stability.

During FY 2025, the Group made an additional investment of ₹250 lakhs in the Ideaspring Capital Future Now II Fund, bringing the total investment to ₹750 lakhs against a capital commitment of ₹1,000 lakhs. Similarly, ₹200 lakhs were invested in the MV Core Tech Fund I during the year, taking the total investment to ₹730 lakhs, also against a capital commitment of ₹1,000 lakhs. Both these funds are classified as Category II Alternative Investment Funds and are measured at fair value through other comprehensive income (FVOCI).

In addition, the Group invested ₹63 lakhs in its Singapore subsidiary and ₹866 lakhs in its Japan subsidiary, in line with its strategic focus on expanding international operations.

Trade receivables, Unbilled revenue, and contract assets:

Trade receivables, unbilled revenue, and contract assets of ₹14,658 lakhs as at March 31, 2025, representing 15.29% of the total assets. This balance was ₹9,678 lakhs as at March 31, 2024. Daily Sales Outstanding (DSO) increased to 97 days in FY 2025, compared to 87 days in FY 2024. The rise reflects higher receivables driven by increased sales activity. This is in line with the Company's continued investment in working capital to support growth in top-line revenues. The Group periodically assesses the quality of its receivables portfolio and makes provisions for doubtful debts where required, ensuring that the carrying value of receivables reflects expected recoverability.

Other assets:

Other assets include derivative assets, tax assets, other financial assets, and others. Other assets of ₹10,467 lakhs as at March 31, 2025, represent 11% of the total assets. This balance was at ₹8,373 lakhs as at March 31, 2024.

As at March 31, 2025, lease liabilities (non-current & current) representing 16% of the total liabilities, were at ₹ 2,557 lakhs, as against ₹ 799 lakhs as at March 31, 2024. The increase is due to the addition of new Chennai, Kolkata & Pune premises on lease.

Deferred revenue consists primarily of advance billings on customers based on contract for which work is yet to be completed. As at March 31, 2025, deferred revenue representing 6% of the total liabilities, were at ₹ 884 lakhs, as against ₹ 2,775 lakhs as at March 31, 2024. The variance is attributable to the billing and collection terms specified in contracts with certain customers.

Cash flow

During FY 2025, cash flow used in operating activities is (₹ 5,716) lakhs as against surplus of ₹ 5,936 lakhs in FY 2024. Increased investment in working capital to support revenue growth contributed to higher cash outflows, along with additional costs related to mergers and acquisitions during the year impacting the overall operating cash flow.

Threats, Risks and Concerns

In today's dynamic global environment, the Company operates amidst a range of external and internal risks that require continuous assessment and strategic response. Geopolitical tensions in key regions such as Asia and Europe continue to pose uncertainties that may disrupt global supply chains, delay project timelines, and impact client engagements. These developments necessitate proactive monitoring and contingency planning to ensure operational resilience.

Macroeconomic challenges, including persistent inflationary pressures and volatility in commodity prices, are further compounded by divergent fiscal and monetary policies across geographies. These factors can influence customer spending patterns, delay investment decisions, and affect overall business sentiment.

The rapid pace of technological advancement particularly in areas such as generative AI, automation, and digital engineering presents both transformative opportunities and heightened competitive intensity. To remain at the forefront of innovation, the Company must continue to invest in digital capabilities, workforce upskilling, and R&D initiatives.

In parallel, the growing sophistication and frequency of cyber threats represent a critical area of concern. As a technology-driven enterprise with a global digital footprint, the Company is exposed to risks related to data breaches, intellectual property theft, and operational disruptions. Strengthening cybersecurity infrastructure, enhancing threat detection capabilities, and fostering a culture of cyber awareness remain top priorities.

To effectively manage these risks and leverage opportunities, Your Company adheres to the requirements of Enterprise Risk Management (ERM), as mandated by various regulations, including the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, and the Companies Act, 2013.

Management Discussion and Analysis Report (Contd.)

We conduct periodic assessments of risks and controls for existing and new process flows. We evaluate each risk, determine its impact on business operations, and implement controls to mitigate any identified weaknesses in the current processes. Major risks in the current business landscape are listed in the table below:

Risk	Nature	Mitigation
Strategic and visionary risks	Vision and growth risks involve challenges that Company faces in pursuing long-term goals and expanding operations. These risks stem from internal and external factors and may impede achieving organizational objectives.	<p>As part of the 60x4x3 mission, a comprehensive implementation plan has been developed with defined goals, objectives, and milestones to guide execution efforts.</p> <p>Resources have been allocated strategically, and initiatives have been prioritized based on their alignment with strategic objectives and their potential impact on organizational performance.</p> <p>Ownership mechanisms and performance metrics have been established to monitor progress and ensure accountability for results. Periodic HR interventions ensure leaders remain aligned with the vision, providing necessary support and resources for effective implementation.</p>
Competitive Threats	Market share and profitability may decrease due to competition from existing players or new entrants, which could affect growth objectives.	<p>We monitor competitors and market trends to identify threats and opportunities.</p> <p>We enhanced innovation, quality, and customer service by collaborating with customers on various Proof of Concept, gaining a competitive edge. We prioritized understanding customer needs over technological expertise.</p> <p>We built strong brand equity and fostered customer loyalty through thought leadership and participation in industry forums</p>
Demand and supply risks	<p>Variations in consumer demand due to factors such as evolving customer preferences, technological progress, and economic shifts can result in uncertainties and possible disruptions.</p> <p>Furthermore, the availability of skilled software professionals may constrain provision of services, particularly in high-demand domains such as embedded software development, data science, and cybersecurity.</p>	<p>We are expanding services for the industries we serve, aiming to cater to a wider range of customer needs and preferences, and ensuring comprehensive support across the value chain.</p> <p>We are prioritizing innovation to lead emerging trends by investing in research and development, fostering creative solutions, and staying ahead of market demands and technological advancements.</p> <p>We are investing in talent development initiatives, forming partnerships with educational institutions, and utilizing vendor ecosystem to tap into larger talent pools.</p>
Reputation / brand risks	Reputation risk refers to the possible negative impact on an organization's brand, credibility, and public perception due to various factors. This type of risk can result in financial losses, decreased customer trust, and lower market value.	<p>Developing the media code of conduct, utilizing media and social networks to promptly communicate the Company position. Monitoring public perception through media analysis and customer feedback.</p> <p>Reinvigorate thought leadership by participating in standards bodies and industry forums.</p> <p>Building strong stakeholder relationships to reinforce trust and support.</p> <p>Being recognized in reputable forums as lead practitioner of industry best practices. This endorsement reassures customers, investors, and employees that the Company adheres to high standards.</p>

Risk	Nature	Mitigation
Employee Engagement / Retention	Employee engagement and retention are essential for maintaining productivity and operational continuity. Disengaged employees can negatively impact productivity, while high turnover rates can cause significant disruptions to business operations.	<p>We offer competitive compensation packages, professional development opportunities, and a positive work culture to attract and retain top talent</p> <p>Aimed at fostering a motivated and connected workforce - structured rewards and recognition program is in place to celebrate individual and team achievements.</p> <p>Transparent communication through regular leadership town halls and open forums.</p> <p>Employee engagement surveys are conducted periodically, with actionable insights used to enhance workplace culture.</p> <p>Wellness initiatives addressing physical, mental, and emotional well-being are introduced to support employees holistically.</p> <p>Additionally, we provide leadership development programs, mentoring opportunities, and leadership coaching to groom future leaders</p>
Diversity, equity, and inclusion (DEI)	DEI risks arise from workplace bias and unequal opportunities, impacting morale and legal compliance	<p>Our policies are aligned with global best practices and local regulations, ensuring equal opportunities in career advancement, compensation, and workplace participation. We regularly review and update these policies to reflect evolving societal expectations and employee feedback.</p> <p>Our DEI initiatives include proactive recruitment practices aimed at enhancing representation across gender, geography, and underrepresented communities. Our hiring processes are designed to be inclusive and free from bias, supported by structured interview protocols and diverse hiring panels.</p> <p>We continue to invest in diversity training programs to raise awareness about unconscious bias, inclusive leadership, and cultural sensitivity. These programs are integrated into our onboarding and leadership development journeys to ensure that inclusion is embedded at every level of the organization. The DEI Handbook aims at fostering culture of inclusive behavior and language across the org.</p>
Competency Development	Failing to manage competency building can lead to a misalignment between employees' skills and business needs, resulting in inefficiencies and loss of business for the Company.	<p>As part of our Sasken Academy initiatives, we invest in continuous learning through structured training programs, mentorship, and professional development initiatives covering all our engineers</p> <p>Our KenMAP framework encourages cross-functional collaboration helping employees gain diverse expertise, while providing personalized learning pathways to bridge any skills gap there by ensuring an ever-ready workforce to meet customer requirement</p> <p>Additionally, establishing a culture of knowledge sharing and upskilling supports long-term workforce resilience, reducing the risk of skill gaps that hinder organizational success.</p>

Risk	Nature	Mitigation
Data Security and Privacy	Risk of data loss, corruption, or unauthorized access due to hardware / software issues, insecure coding, or inadequate PII protection. This may lead to operational disruption, data breaches, privacy violations, reputational damage, and regulatory penalties.	<p>The Secure Software Development Lifecycle (including secure coding guidelines) is adhered to by the delivery teams throughout the project lifecycle until the closure phase. For instance, we utilize the Secure SDLC framework at Sasken Management Systems and follow MISRA coding guidelines.</p> <p>By employing open-source code scanning tools, we identify vulnerabilities and consult with customer/internal information security teams for guidance on their resolution. Examples of such tools include Klocwork Insight, Black Duck, and FOSSA.</p> <p>We establish robust controls at entry and exit points within the organization to ensure both digital and physical security, thereby preventing any breach of confidential information.</p> <p>We have implemented a comprehensive framework to address data privacy requirements in accordance with various regulatory standards worldwide. This framework includes technical and organizational measures, policies, processes, guidelines, systems, IT controls, and controls across HR, payroll, and other departments. Additionally, we have established cross-border data transfer mechanisms to prevent any leakage of stakeholder privacy within and outside of Sasken, associated with business needs.</p> <p>Periodic Data Privacy Impact Assessments (DPIAs) are conducted to identify potential risks related to personally identifiable information (PIIs) and to take corrective actions.</p> <p>Our organization is certified according to global standards such as ISO/IEC 27001 and ISO/IEC 27701. Furthermore, we have upgraded our Quality Management System to TISAX (Trusted Information Security Assessment Exchange) standards to ensure data security and privacy.</p>
Cyber Security Risk	Exposure to threats and vulnerabilities associated with information technology (IT) systems, networks, and digital assets. These risks can arise from various sources, including cyberattacks, data breaches, malware infections, and insider threats	<p>We have implemented robust cybersecurity measures, including firewalls, IDS, IPS, endpoint security, encryption, access controls, and DLP to protect against unauthorized access.</p> <p>Regular security assessments and penetration testing help address IT system vulnerabilities. Our incident response plan outlines steps for detecting, containing, and mitigating data breaches, and communicating with affected parties, authorities, and the public.</p> <p>Employees receive cybersecurity awareness training on recognizing threats like phishing, social engineering, and insider attacks, as well as best practices and confidentiality obligations.</p> <p>Software and systems are routinely updated and patched to prevent exploitation by cyber attackers.</p> <p>Our Quality Management Systems comply with international standards ISO/SAE 21434 and ISO/IEC 27001:2013.</p>
Treasury Risk	The potential exposure to financial losses or operational disruptions resulting from ineffective management of an organization's cash, liquidity, funding, and financial assets	<p>We have implemented hedging strategies using forward contracts and options to mitigate exposure to foreign exchange rate fluctuations.</p> <p>Our investment strategy emphasizes diversification across multiple asset classes to effectively mitigate concentration risk, market volatility and liquidity risk.</p> <p>We also manage interest rate risk by closely monitoring market conditions and adjusting our interest rate exposure through various financial instruments.</p> <p>Additionally, we monitor market conditions and economic indicators to anticipate potential risks and adjust investment and funding strategies accordingly.</p>

Risk	Nature	Mitigation
Mergers & Acquisition Risk	Merger & Acquisition risks encompass a range of potential challenges that can arise during and after the transaction process. Merger & Acquisition risk refers to the potential for operational, financial, legal, and cultural challenges that could negatively impact the success of the merger or acquisition.	<p>We engage professional and experts to help us conduct the due diligence covering financial, operational, legal and cultural dimensions.</p> <p>Integration planning is anchored by strong executive sponsorship with clearly defined roles, identification of synergies, and realistic timelines. We engage experienced professionals to deliver specialized assistance</p> <p>Risk mitigation includes well-defined earnout clauses tied to performance, insurance, hedging strategies, succession planning for key leadership, and retention plan of high-potential talent.</p> <p>We ensure operational monitoring to address customer retention, supplier diversification, and stakeholder communication.</p>
Predictable Project Delivery	The risk of project delivery falling short of its commitment on timelines, costs, and quality stems from various factors, including but not limited to inadequate planning, inadequate resources, ineffective project management and / or unforeseen challenges	<p>During the contracting stage, Delivery Program Managers are required to review engagement-specific risks and define mitigation actions with formal sign-off.</p> <p>Project progress is tightly monitored through the automated Percentage of Completion (POC) method in the Sasken Delivery Platform (SDP), while Earned Value Management (EVM) is used to generate early warning indicators for applicable projects.</p> <p>Weekly Red / Yellow governance reviews led by the Global Delivery Head (GDH) provide flash updates to senior management, complemented by periodic project-specific reviews with Delivery Program Managers.</p> <p>Additionally, a systemic change management process is embedded in SDP to ensure timely identification and execution of project changes. A contingency risk buffer is also maintained to address unforeseen delivery challenges, enhancing overall project resilience.</p>
Contractual Obligation Risk	Contractual obligations risk refers to risks arising from customer agreements, including service-level commitments, delivery timelines, and performance guarantees. Non-compliance with these terms may result in penalties, claims, or reputational damage.	<p>Engaging clients on contractual terms through a dedicated in-house legal team</p> <p>Contract legal playbook with risk framework to identify the high-risk clauses and plan appropriate controls to mitigate the risks</p> <p>Monitoring contractual obligations through Quality and Delivery teams</p>
Environmental Risk - High Carbon Intensity	<p>Clients, especially global enterprises, increasingly require suppliers to meet strict Environmental, Social, and Governance (ESG) standards.</p> <p>High carbon intensity can lead to loss of business opportunities, especially with clients who have committed to Science-Based Targets (SBTs) or net-zero goals.</p> <p>Many countries and companies have reinforced these targets at global climate summits (e.g., COP28), pushing for stricter Scope 3 emissions compliance across value chains.</p>	<p>We conduct periodic GHG assessments under All scopes (Scope 1, Scope2, Scope 3) to identify emission hotspots and establish baselines.</p> <p>In 2024-25 we sourced 100% (78% through Wind energy and 22 % through I-REC offset) of energy from Green Source enabling us to reduce our Scope2 emission drastically</p> <p>We prioritize sourcing EPEAT Gold or Platinum-rated computing devices, which significantly reduce greenhouse gas (GHG) emissions due to their high environmental performance standards.</p> <p>On average, we plant 4,000 trees annually, actively working to offset our GHG emissions and support environmental sustainability.</p> <p>We work with suppliers to promote low-carbon practices and ensure alignment with our sustainability values.</p> <p>Employee awareness campaigns and digital tools help track and reduce carbon output from travel and daily operations.</p> <p>Our Goal of becoming carbon neutral is well on target with Carbon footprint reduction targets getting embedded into the Company's ESG goals, monitored and reviewed monthly by ESG team. We have reached 86% of our goal in FY 2025 compared to the base year 2018-19.</p>

Internal Control Systems

At Sasken, we recognize the paramount importance of robust internal control systems in safeguarding assets, ensuring accurate financial reporting, and maintaining compliance with regulatory requirements. Our internal control framework is designed to provide reasonable assurance regarding the achievement of operational objectives, reliability of financial reporting, and compliance with applicable laws and regulations.

Annual certification is an important step. It starts with the 'control' owner and then moves on to the 'process' owner and upwards, leading to the CEO and CFO certification.

Key components of our internal control systems include:

Control Environment: We emphasize integrity, ethical values, and compliance through a strong control of culture led by management.

Risk Assessment: Regular assessments identify and prioritize risks, allowing us to allocate resources and implement controls effectively.

Control Activities: Comprehensive controls address specific operational risks, safeguard assets, ensure financial accuracy, and promote efficiency.

Information and Communication: We communicate relevant internal control information, policies, and procedures throughout the organization, ensuring employees understand their responsibilities.

Monitoring and Review: Continuous monitoring and periodic reviews assess control effectiveness, with management addressing deficiencies and making improvements as necessary.

We have adopted policies and procedures to ensure the prevention and detection of fraud and errors, and have measures to safeguard our assets and ensure the accuracy and completeness of accounting records with reliable financial disclosures. The Internal Auditors conduct audits based on an internal audit plan, which is reviewed each year in consultation with the statutory auditors and the audit committee. In line with international practice, the conduct of internal audit is oriented toward the review of internal controls and risks in its operations including most of the subsidiaries and foreign branches. As a measure of good corporate governance, all matters of significant importance or relevance have been reported to the Audit Committee as well as the Company's Statutory and Internal Auditors.
