

Media Release - FOR IMMEDIATE RELEASE

Bangalore, 19 October 2015: Sasken Communication Technologies Limited (BSE: 532663, NSE: SASKEN) today announced its consolidated results according to Indian GAAP for the quarter and half year ended September 30, 2015.

“Our revenue numbers in terms of sequential quarter and for the first half have seen smart growth. This is as a result of a concerted approach to widen our service offering portfolio and a relentless focus on account-based growth strategy,” Rajiv Mody, Chairman, Managing Director and CEO, Sasken Communication Technologies said.

“On the cost side, our annual salary revision cycle and changes to our business mix has seen costs increase. However, we have put necessary measures to maintain all margins. We have invested in a consulting engagement with a global leader in strategic consulting to refine and craft our growth strategy for the future.

Our legal expenses continue to be on the higher end, as a result of ongoing litigation over a breach of contract by a licensee. The litigation is expected to draw to a close within the next 12 months,” noted Mr. Mody.
